Date: 2-4-2025

Agenda Item: Local Professional Services Agreement with HMM for Ramsey Road Extension Project

Agenda Item Location

Consent Calendar

Recommended Action or Motion

Staff recommends the approval and authorization of the mayor to sign the Local Professional Services Agreement with HMM for Ramsey Road Extension Project for \$783,039.

Functional Impact of Authorizing

This scope of work is for the Ramsey Road Extension Project that is commencing this year. This agreement is to provide construction engineering, inspection and sampling to include contract administration, inspection, materials sampling, and project office documentation under the general direction of the assigned Local Highway Technical Assistance Council (LHTAC) Resident Engineer, for construction of the SMA-7905 Ramsey Road: Wyoming Ave to Lancaster Road located in Kootenai County, Idaho. This agreement is necessary to proceed with the Ramsey Road Extension Project.

Functional Impact of Not Authorizing

If this agreement is not approved, then we will not have the required professional oversight for the duration of the project and would be violating state and federal regulations for Public Works Construction. The project would essentially have to stop until we obtained professional oversight.

Fiscal Impact

The money to cover this agreement was allocated under the FY2024 budget. The city has paid out our shared portion to the state for this scope of work. The state grant covers up to 92.7%, therefore, this has no impact on the FY2025 budget.

1. A written PROFESSIONAL SERVICES AUTHORIZATION (PSA) will be issued by the State to authorize the Consultant to proceed with a specific portion of the work under this Agreement. The number of PSAs required to accomplish all the work under this Agreement is one to several. Each PSA will authorize a maximum dollar amount for which the PSA represents. The State assumes no obligation of any kind for expenses incurred by the Consultant prior to the issuance of the PSA; for any expenses incurred by the Consultant for services performed outside the work authorized by the PSA; and for any dollar amount greater than authorized by the PSA.
2. It is not necessary for a PSA to be completed prior to the issuance of the next PSA. The Consultant shall not perform work which has not been authorized by a PSA. The basis of payment for additional work will be set up either as a Lump Sum or Cost Plus Fixed Fee.

VIII. MONTHLY PROGRESS REPORT

Each progress report shall list billings by PSA number and reference milestones.

Lump Sum

Progress payments will be made, based on a percentage of the work or milestones satisfactorily completed.

Cost Plus Fixed Fee

The Consultant shall submit a breakdown of costs by each item of work on the monthly invoice, and shall show the percent complete of each item of work, each milestone and percent complete of the entire Agreement. Progress payments will be made based on the invoiced cost less the fixed fee for the work satisfactorily completed for each billing period. Cost

The Consultant shall submit a breakdown of costs by each item of work on the monthly invoice, and shall show the percent complete of each item of work and percent complete of the entire Agreement. For "Cost Plus Fixed Fee" and "Cost" agreements, invoices must include backup documentation to support expenditures as appropriate, and as requested by the Agreement Administrator. Such support may consist of copies of time sheets or cost accounting system print-out of employee time, and receipts for direct expenses.

2. The State will make full payment for the value of the services performed which qualify for payment. This full payment will apply until 95 percent of the work under each Project Agreement or Work Task has been completed. No further progress payments will be made until all work under the individual agreement has been satisfactorily accomplished.

If at any time, the State determines that the work is not progressing in a satisfactory manner, the State may refuse to make full progress payments and may withhold from any progress payment(s) such sums that are deemed appropriate for unsatisfactory services.

3. Final payment of all amounts retained shall be due 90 days after all work under the Agreement has been completed by the Consultant and accepted by the State. Such final payment will not be made until satisfactory evidence by affidavit is submitted to the State that all indebtedness incurred by the Consultant on this project has been fully satisfied.
4. Agreements which include an incentive/disincentive clause will normally have the clause applied only to the completion of the milestones identified.

payments to each subconsultant within twenty (20) calendar days after the subconsultant's work is satisfactorily completed. The Consultant will verify that payment or retainage has been released to the subconsultant or suppliers within the specified time for each partial payment or partial acceptance by the Department through entries in the Department's online diversity tracking system during the corresponding monthly audits.

Prompt payment will be monitored and enforced through the Consultant's reporting of monthly payments to its subconsultants and suppliers in the online diversity tracking system. Subconsultants, including lower tier subconsultants, suppliers, or both, will confirm the timeliness and the payment amounts received utilizing the online diversity tracking system. Discrepancies will be investigated by the Contract Compliance Officer and the Contract Administrator. Payments to the subconsultants, including lower tier subconsultants, and including retainage release after the subconsultant or lower tier subconsultant's work has been accepted, will be reported monthly by the Consultant or the subconsultant.
