Date: November 5, 2025

Subject: FY2027 School Construction and Major Maintenance CIP Lists

Attached are the Department of Education & Early Development's initial agency decision lists of FY2027 Capital Improvement Projects for the School Construction and Major Maintenance Grant Funds. In addition, two reports are included showing the points each project received in the formula-driven and evaluative scoring elements. One list is sorted by district without regard to fund category: the other list shows projects in priority order by fund.

The department will hold public hearings in accordance with AS 14.11.016(a), providing school districts with an opportunity to request reconsideration on the eligibility and priority of their projects. The hearings will be held on:

- Wednesday, November 19, 2025, from 9am to 12pm,
- Tuesday, November 25, 2025, from 9am to 12pm, and
- Monday, December 1, 2025, from 1pm to 4pm

via teleconference and are by appointment. Requests for an appointment must be received no later than November 14, 2025, at 12pm November 21, 2025, at 12pm and November 26, 2025, at 12pm respectively.

Written requests for reconsideration must be submitted no later than 4:30 p.m. on December 1, 2025. The department will review the original decision on the basis of written requests and public testimony by the district, to determine if the decision on the project should be changed. Within 15 working days following completion of the final hearing, updated School Construction and Major Maintenance Grant Fund lists will be released.

As you review the lists, please note that there may be changes in ranking for projects that were rated both last year and this year. These changes can be attributed to a variety of factors, including changes to student population projections, projects at different stages of completion, changes to maintenance program scores, additions and deletions of projects by districts, and changes in the submitted application information.

If you have any questions, please let me know.
