Principal's General Narrative:

The semester is progressing very well. I am confident that the amount of teaching and learning taking place is on pace to give us very good results by years end. A group went to the Texas Assessment Conference and picked up a lot of good information. We also got from the conference that the state still has a lot of questions to answer in regard to the transition from TAKS to STAAR. Football, volleyball, and cross country seasons are over and basketball is underway. Both boys and girls look improved and promise to be very competitive.

The high school and junior high faculty, as always, would like to express our appreciation for the support and leadership from the school board, superintendent, and everyone in the central office. Thanks.
