BUDGET PROCESS AND FORMAT

This section explains how the District's budget is organized and developed. The goal of the budget is to present a meaningful financial plan that can be readily understood by all members of our community and create a sound basis for decision making.

WHAT IS A BUDGET?

A budget is a **financial plan** containing estimates of revenues and expenditures for a **single fiscal year**. The District operates within a fiscal year beginning on July 1 and ending the following June 30.

Budgeting allows the District to evaluate its needs in light of the revenue sources available to meet those needs. A complete budget justifies the imposition of ad valorem (according to value) property taxes. Budget provisions are determined by Oregon's Local Budget Law, which can be found in Chapter 294 of the Oregon Revised Statutes. The law sets out several specific procedures that must be followed during the budgeting process.

WHAT IS LOCAL BUDGET LAW?

Budgeting in Oregon is a joint effort between the people affected by the budget and the appointed and elected officials responsible for providing the services. Oregon's Local Budget Law does several very special things:

• It establishes standard procedures for preparing, presenting and administering the budgets of Oregon's local governments.

- It encourages citizen involvement in the preparation of the budget before its formal adoption.
- It provides a method of estimating revenues, expenditures and proposed taxes.
- It offers a way of outlining the programs and services provided by local governments and the fiscal policy used to carry them out.

It is up to the District to prepare a budget that clearly outlines its fiscal policies and is satisfactory to its patrons. If a budget is clear and concise, taxpayers better understand how their tax dollars are spent.

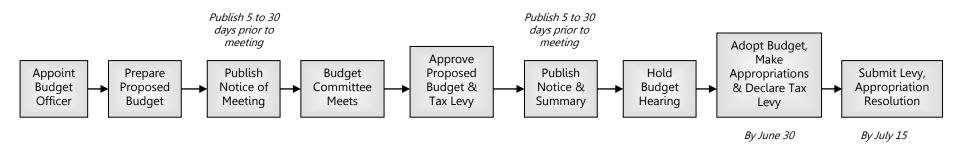

THE BUDGET PROCESS

Budgeting is not simply something that the District does once a year. It is a continuous process taking 12 months to complete a cycle. The budgeting process has five parts. The budget is: 1) prepared, 2) approved, 3) adopted, 4) executed, and 5) audited.

To give the public ample opportunity to participate in the budgeting process, the District appoints a Budget Officer and forms a Budget Committee. The Budget Officer draws together necessary information and prepares the proposed budget. The Budget Committee then reviews and may revise the proposed budget before it is formally approved. Notices are published, budgets are made available for review, and public meetings are held. These requirements encourage public participation in budget-making. They also give exposure to budgeted programs and fiscal policies before the Board of Directors adopts the budget.

The budget committee is an advisory group established by statute. The committee is made up of the governing body of the District and an equal number of appointed members. The appointed members must be electors of the District; they cannot be employees, officers, or agents of the District. Budget committee members are appointed for staggered, three-year terms.

Local budget law requires that the budget committee hold at least one meeting for the purpose of receiving the budget message and budget document, and providing members of the public with an opportunity to ask questions about and comment on the budget. The District must give prior notice of the meeting(s) held for these two purposes.

The budget committee can revise the proposed budget to reflect changes it wants to make in the District's fiscal policy; it does not have the authority to negotiate employee salaries. The committee approves the budget, approves the property tax rate, and approves the dollar amount for debt service for the payment of bond principal and interest.

BUDGET FORMAT

The budget document is organized into five major sections:

- Superintendent's Budget Message
- The Budget at a Glance
- District Overview and Reader's Guide
- General Fund
- Other Funds

The **Superintendent's Budget Message** presents a comprehensive, narrative overview of the budget and explains the major influences affecting the District's financial condition. It presents the Superintendent's budget goals for the year and identifies changes in the budget.

The Budget at a Glance contains budget summaries for all funds, and key budget factors such as enrollment and staffing levels.

The **District Overview** and **Reader's Guide** includes a description of the District and its programs, school board goals, the District's guiding financial management goals and policies, a list of acronyms and a glossary of commonly used terms.

The **General Fund** is the District's major operating fund and accounts for most of the District's financial resources. Revenues come from two main sources: state funding and local property taxes. State funding, property taxes, and other local revenues are included in the State School Fund formula, which determines approximately 98% of General Fund operating revenue.

General Fund expenditures represent costs incurred to operate the District: salary and benefit costs for teachers, administration and support staff, student transportation, classroom supplies and materials, building maintenance and utilities, and other expenses. General Fund expenditures are presented in detail by service area. The seven service areas are:

- District Operations and Administration
- Special Education
- Elmira Elementary
- Veneta Elementary
- Fern Ridge Middle School
- Elmira High School
- Non-Operating

Other Funds includes the following:

- Special Revenue Fund This fund accounts for selfsupporting programs, grant funds received for specific projects, or fee-based programs.
- *Debt Service Fund* This fund accounts for the accumulation of resources for, and the payment of, general long-term debt, principal and interest.

SUPERINTENDENT'S BUDGET MESSAGE

FERN RIDGE SCHOOL DISTRICT 28J SUPERINTENDENT'S BUDGET MESSAGE 2025-2026

Dear Members of the Budget Committee and Community:

The 2024-2025 school year wraps up the second year of the current biennium. The proposed budget document represents the Fern Ridge School District's 2025-2026 fiscal year financial plan. The forecasts included in the proposed budget are based on the latest local information as well as the latest information available from the Oregon Department of Education and expected federal funds. The budget is built on an expected stable/flat enrollment as compared to current numbers. However, enrollment K-12 is on a slight decline, as we are down around 25 students over the course of the last two years. While that number may seem small, future enrollment drops appear likely, as we expect that in 25-26 our three lowest grade levels will be Kinder, 1st and 2nd grade. This is a common experience among school districts across the state of Oregon. While Fern Ridge enrollment has not seen the same level of decline that the State or Lane County has experienced, it is a reality that will have an impact. In 2025, Oregon ranks 47th/50 in both birth rates (number of births per 1,000 people in a population within a year), and fertility rates (the number of births per 1000 women of reproductive age in a population year).

In this upcoming 1st year of the biennium, the District is projected to receive approximately 5.27% more in the total state school fund formula than we did in 24-25. While this increase in funding is certainly welcome, it remains a challenge to keep up with inflationary pressures in areas such as purchased services, out of district special education placement costs, insurance and supplies.

Despite the significant rise in costs, the District has positioned itself well in recent years to be able to weather this period of deficit spending that we find ourselves in. In recent years, (the last two) we have begun to focus on the process of preparing to move out of this deficit spending cycle. In our 23-24 budget we presented to this committee, we expected to deficit spend approximately 2M dollars. Our end of year audit had us deficit spending at about the 1.2M\$ level. In 24-25, we expected to deficit spend about 1.2 million dollars. However, when we are audited later this summer I expect it to be around 1M dollars, if not slightly under.

For our expected revenue in 25-26, we are using the most conservative projections. With those projections, this budget has us deficit spending around 600k; however I would expect actuals to come in under 500k. We will look to propose a budget in a year from now, that is balanced,

spending close to an amount that we are bringing in, while maintaining an end fund balance of greater than 10%. I believe we are on track to meet this goal.

You may notice many districts around us giving pink slips to staff. There are many reasons that Fern Ridge is not in this position, most notable by ensuring we spent our COVID dollars the district received on one-time purchases that would support students, while also positively impacting future general fund needed expenditures, and not spending those dollars on adding more staff. We do have some staffing reductions in this year's budget; however, they will be easily addressed through retirements and other staff resignations due to a family move (for example).

While our proposed budget for 2025-2026 continues to have us in deficit spending, that amount continues to be reduced (over the last 3 budgets), and our reserves remain relatively healthy. We began the 24-25 school year with an end fund balance of 4.5 million dollars.

Things to note:

State funding: We are budgeting off the Governors proposed K-12 biennial budget of 11.359 B. There are a few other bills the legislature is considering in this cycle that could bring us additional funds. Those include proposals to increasing the SPED cap, and PERS relief to name a few. Regardless, our proposed budget does not take into account any additional dollars and as such our financial picture can only improve, and I expect it will.

- Bond: The passage of the district facilities bond in the Spring of 2024 was a significant help to the general fund, as a major component of the bond was addressing HVAC and other mechanical systems that would have needed to be addressed using general fund dollars had it not passed.
- Federal dollars: This is the biggest unknown in this year's budget; however, we have assumed they will remain essentially flat. It may be mid-summer before we learn our allotment of Title I, II, and IV dollars.
- Bargaining: Another strength of our current position is that we have contracts now in place for all certified, administrator and District Office groups through June 30th, 2028. In addition, our classified contracts are settled through June 2027. Having these costs locked in and known, is a significant help as we look to plan for the future. I would also like to recognize all of our employee groups who have bargained in good faith, and understand the balance of supporting our staff with a fair and competitive financial package, while also doing what is best for our students. Their partnership is a significant reason for our financial stability.

Every year there are adjustments both small and large in our budgeting plan. I have identified a few below I would like to bring to the committee's attention.

 Reductions in transfer amounts to some of our reserve accounts. We are able to do this as we have built these accounts up significantly over the last 6-8 years.

SUPERINTENDENT'S BUDGET MESSAGE

- The reduction of 1.0 elementary teacher. With another smaller kinder class coming in, and a larger 5th grade class moving out, I would not expect average elementary class sizes to increase at all, even with this reduction.
- The reduction of .5 FTE at EHS and .5 FTE at We have addressed this through a FRMS. retirement and the transfer of a teacher
- The loss of our school psychologist, returning to a model of contracting for these services.
- The continued reduction of dollars being allocated to our options program. The program will completely phase out at the end of the 25-26 school year.

The District is committed to providing the best possible learning environment that is fiscally possible. I believe this proposal is an accurate depiction of the budget, and it is the most reasonable projection of our fiscal resources and uses at this time. This proposal implements the desires of the Board and utilizes fiscally responsible financial practices.

While our proposed 2025-2026 budget does not fully fund everything our students deserve, our efforts are designed to maintain an environment that still promotes high levels of student achievement and progression of our students to college and beyond. Through conservative and sound budgeting practices, the district is positioned to weather the elements of this inflationary market without the cuts, reductions in force, school closures and other cost cutting measures that some districts around the state are experiencing. We will continue to look for meaningful ways to support staff and students in the years to come, while ensuring we remain fiscally responsible.

We are grateful to you, the budget committee and school board, for reviewing this proposed budget and thank you for generously balancing your responsibility for our district's financial plan with your heartfelt desire to do what is best for all of our students.

Professionally,

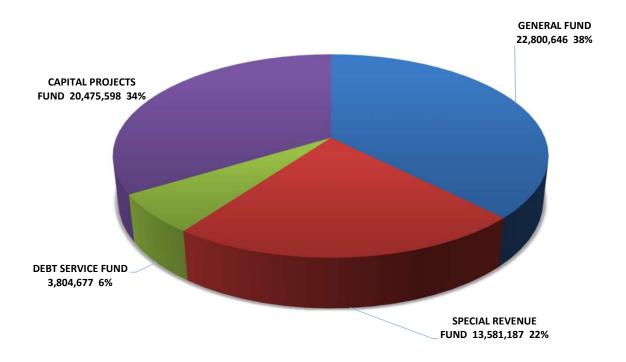

2 5 G- 8/

Gary E. Carpenter, Jr., Superintendent

THE BUDGET AT A GLANCE

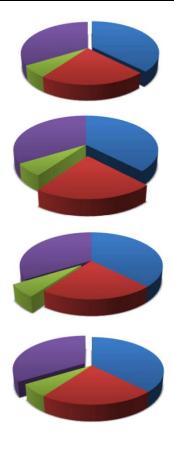

The Budget: Each year the Board of Directors adopts a budget for the upcoming school year that guides our District staff in how funds are spent toward instructional programs for students. The budget is initially put together by the Superintendent and District staff. Then, the Budget Committee reviews the budget and gathers feedback from the local community. After reviewing the budget and deliberating any possible revisions, the Budget Committee approves the budget. The School Board then adopts the budget – and this becomes the operating budget for the upcoming school year.

Proposed 2025-2026 Budget - All Funds

Total All Funds = \$ 60,662,108

^{*}Restricted Funds: These accounts have specific restrictions; they may only be spent as specified by either state or federal law, or by the source of funds, such as grants and donations. The District follows open accounting practices by listing all funds and accounts we manage as part of our budget - even if we have no say over how the funds in a particular account are spent.

GENERAL FUND:

22,800,646

This is the main operating budget. This fund pays for the instructional programs and daily operations of the District. More in-depth information on this fund is provided in the following pages of this publication.

RESTRICTED - Special Revenue \$ 13,581,187 Funds:

This fund includes accounts for self-supporting programs, grant funds received for specific projects, or fee-based programs. Included are funds received from the federal government for Title programs, student body accounts, and reserves for textbooks, technology, maintenance improvements, and early retirement. Resources may only be used for targeted programs and services as specified by the source of the money.

RESTRICTED - Debt Service \$ 3,804,677 Funds:

This fund accounts for repayment of general obligation bonds and pension obligation bonds. Expenditures represent the portion of principal and interest due that year. Resources include levy on local properties for obligation bonds that approved construction, and assessment to payroll for pension obligation bonds that were issued to refinaince the accured PERS liability.

RESTIRCTED - Capital Projects \$ 20,475,598 Fund :

This fund accounts for reveneue and expenditures for capital improvements funded by general obligatin bonds.

Proposed 2025-2026 Budget – All Fund Revenues: Revenues are classified by major source per the Program Budget and Accounting Manual, published by the Oregon Department of Education.

FERN RIDGE SCHOOL DISTRICT 28J THE BUDGET AT A GLANCE

Proposed 2025-2026 General Fund Operating Revenues: School districts in Oregon receive most of their funding for general operations through the State School Fund (SSF) Formula, whereby local revenues are combined statewide and redistributed through a weighted per student formula. Formula revenue is highly dependent on state income taxes and property values.

Revenue from State Sources: State School fund (The District's distribution of per pupil funding from the ODE), Common School Fund and State Timber.

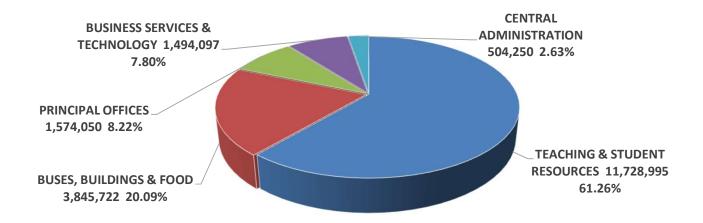

Revenue from local Sources: Property Taxes - Ad valorem taxes distributed to the District through an operating levy with a permanent tax rate of \$4.82 per \$1,000 of assessed value, Earnings on Investments, Rentals, Fees Charged to Grants and Miscellaneous Revenue.

Other Sources: Beginning fund balance and transfers.

Revenue from Intermediate Sources: ESD Apportionment, County School Funds.

Federal Sources: Federal Forest Fees.

Proposed 2025-2026 General Fund Operating Budget Expenditure: The majority of general fund expenditures go toward teaching and student resources. The proposed General Fund Fund for 2025-2026 was set by the fiscal management goals dopted by the School Board (see page 24 for more detial on the goals)

Teaching & Student Resources:

Includes all classroom teachers, library services, classroom supplies and materials; counselors and health services; staff training; assessment and testing; and other student support services.

Business Services & Technology:

Includes financial management and support services, and technology services.

Principal Offices:

Includes principal's office and administrative support.

Buses, Buildings & Food:

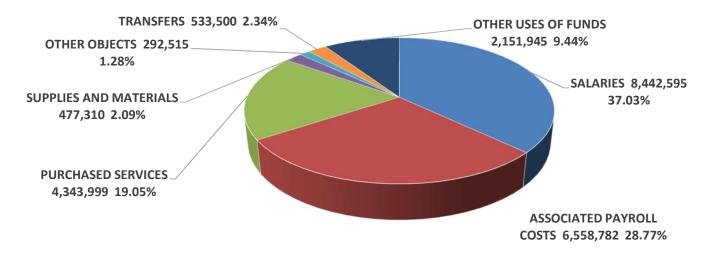

Includes utilities, plant operation and maintenance; student transportation; and food.

Central Administration:

Includes board of education; executive office; and administrative salaries and benefits.

FERN RIDGE SCHOOL DISTRICT 28J THE BUDGET AT A GLANCE

Proposed 2025-2026 General Fund Operating Budget by Category: The graph below shows how the 2025-2026 General Fund is budgeted by specific categories. As the graphy shows, nearly 65% of the General Fund budget is allocated to pay for people (salaries ad benefits), and the majority of those people are licensed teahcers.

Salaries & Associated Payroll Costs: Includes salaries for all District personnel, including substitutes, and all associated payroll costs such as PERS, FICA, PFMLI, workers' compensation, and health insurance benefits.

Purchased Services: Includes all utilities, contracted student transportation, legal and audit services, other contracted work, and all other services not provided by the District but purchased from outside vendors.

Supplies & Materials: Includes classroom supplies and materials, library books, and computer software and hardware.

Other Objects: Includes goods and services not otherwise classified above, i.e. dues and fees.

Transfers: Transfers from General Fund to Athletics, Textbook fund, District Maintenance Reserve, Technology and Early Retirement.

Other Uses: Reserves.

Student Enrollment and State Per Pupil Funding: Student enrollment is expressed as ADMr, or average daily resident membership. It represents the average annual enrollment as of June. The state uses ADMr as the basis for allocating funding under the State School Fund forumla, as money is provided to districts on a per student basis. The graph below shows history of changes in student ADMr over the past ten years and provides a forecast for next year, which is what our State School Fund revenue estiamtes are based on. The bottom table shows Extended ADMw for each year as well as the per pupil funding.

DISTRICT OVERVIEW AND READER'S GUIDE

THE DISTRICT

The Fern Ridge School District 28J is located primarily in Lane County, Oregon with a small portion extending into Douglas County. The total area encompasses 214 square miles, serving children from the surrounding communities of Walton, Noti, Veneta and Elmira. The District's size, rural setting, proximity to Eugene, Fern Ridge Reservoir and easy access to the Oregon coast make Fern Ridge an attractive place to live and raise children.

In 1911 Union High School District No. 4 began serving the students in our area. On June 16, 1960, Union High District No. 4 became a unified district and Lane County School District 28J became the official new District name, the 28th district to form in Lane County. The "J" stands for "joint" because the District's area extends across two counties. All in all, the District has been providing education to the children of our area for over 114 years.

Fern Ridge School District 28J is now one of sixteen school districts in Lane County with a full-time equivalent population of approximately 1,400 students. The District is comprised of four schools (Elmira Elementary, Veneta Elementary, Fern Ridge Middle School, and Elmira High School), and one charter school (West Lane Charter).

THE SCHOOL BOARD

The school board is the governing body of the District, and is responsible for setting policy, approving expenditures and contracts, appointing the Superintendent for hiring, terminating and approving resignations of all certified, classified and administrative staff. The Board of Directors is comprised of five citizens, elected on a district-wide basis, who serve four-year terms, which are staggered so that no more than four members are elected in a given year. The Board and five appointed citizen members make up the Budget Committee.

SCHOOL BOARD GOALS

- The Fern Ridge School District Board will commit to continuous board professional development, with a focus on the culture and climate on the board and the roles and responsibilities, authority of the board.
- 2. The Fern Ridge School District Board will use data to identify and prioritize student needs and hold themselves accountable for meeting all student learning expectations by monitoring the progress of the district goals.
- **3.** The Fern Ridge School District will continue to find meaningful ways within their authority to engage and receive input from stakeholders to help the board make informed decisions.

CITIZEN INVOLVEMENT

The citizens are the most important part of the District organization. District services are directed to meet the needs of the citizens. Public hearings are held so that citizens can contribute to the planning and budgeting process of the District. Citizens may express their concerns and requests to their representatives on the School Board, Budget Committee and other District committees. Citizens are also encouraged to attend the various public hearings held regarding the District.

Notices of all budget committee meetings and budget hearings are published in the legal notices section of the *The Register Guard*. In addition, the School Board meeting calendar and all School Board

meeting agendas and minutes can be viewed on the District's website at www.fernridge.k12.or.us.

FINANCIAL MANAGEMENT GOALS AND POLICIES

The budget was developed to reflect Generally Accepted Accounting Principles (GAAP), a uniform minimum standard for financial accounting and reporting. The District uses a fund accounting system to categorize revenues and expenditures together into accounting reporting units called "funds." Each fund is distinct and is segregated for the purpose of carrying on specific activities within that fund.

Revenues and expenditures are budgeted and accounted for using the modified accrual basis of accounting. Under this basis, revenues are recognized when they become both measurable and available. Available is defined as collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred.

The district's fiscal management goals and policies provide the framework for financial planning and decision making by the school board, superintendent, budget committee, and district staff. The fiscal management goals are designed to ensure the district's financial integrity which, along with prudent management of the district's financial resources, is necessary if the district is to provide the educational services, support services and facilities that address student needs as well as community expectations.

The following goals and policies are intended to guide the district in its financial matters. The goals are broad statements of board philosophy for the district's fiscal management.

Fiscal Management Goals

- 1. The district will establish a financial base sufficient to support high quality and innovative educational programs which meet student need.
- 2. The district will follow prudent and professional financial management practices in order to achieve and maintain long-term financial stability.
- 3. The district will demonstrate to the district's taxpayers and the financial community that the district is well managed through yearly certified audit(s).
- 4. The district will have an adequate capital improvement program that maintains district assets, provides for student and employee safety, maintains a quality instructional environment, and affords the ability to address changes in enrollment.
- 5. The district will continually review and improve its formal budget document and other financial information so resources, expenditures, and the district's financial position are transparent.
- 6. The district will communicate, as permitted by law, with its employees and the community so that they understand the district's program requirements and financial status.

Fiscal Management Policies

The district will strive to establish a stable revenue base for the operating budget for program needs through cooperation with its associations, legislators, and other districts and public agencies. The

district may periodically make capital funding requests to assure adequate safety and preservation of school buildings, district equipment, and other capital assets.

- 1. The board will establish funds as needed to support effective and efficient service delivery. The budget committee and the board will review each fund annually as the budget is prepared and reviewed. If certain funds are not found to enhance the district's services or financial goals, they will be re-allocated.
- 2. Each fund will maintain an appropriate contingency account to meet unanticipated requirements that may occur during the budget year. Cash reserves and fund balances will be consistent with generally accepted accounting practices and local budget law. The targeted contingency goal for the general fund should be no less than two percent of the operating budget. The district will review other funds for contingency and cash reserve requirements to ensure that each fund has sufficient reserves and a positive balance at year end, as required by local government or best practice budget law.
- 3. The district will maintain an ending fund balance in the general fund, in order to provide stable services and employment to offset cyclical variations in revenues and expenditures.
- 4. The district will consistently fund dedicated reserve and replacement accounts for its future liabilities, claims and fixed assets. Each dedicated reserve account will include clear standards for setting the amount of the reserve.
- 5. Excess one-time funds may be available for capital improvement, equipment, automation or other one-time projects that improve the district's productivity and efficiency, but only if the ending fund balance is deemed to be sufficient.

6. Each fund will maintain adequate cash reserves or contingency in order to meet operating cash flow needs or borrow internally from another fund, or as a last resort, borrow externally to provide for cash requirements.

The targeted floor for the ending fund balance will be at five percent of annual operating revenues. Taking into consideration revenue and expenditure volatility and other district needs, the board will allocate an appropriate portion of the projected ending fund balance to the unappropriated ending fund balance (UEFB) in the annual budget. The UEFB may not be spent or appropriated during the fiscal year in which it is budgeted.

Once the targeted five percent for the ending fund balance has been achieved, the superintendent and/or business manager at the superintendent's request will advise the board if at any time the ending fund balance falls below or is projected to fall below that amount. The superintendent and/or business manager at superintendent's request will update the board on the financial condition of the district and present financial options for board consideration.

If district revenues are less than anticipated, operating capital and ending fund balance allocations will be reviewed by the board for possible program fiscal support reductions. The board may decide to use a portion of the projected ending fund balance to stabilize services. When such a determination is made, the board will adopt a plan to rebuild reserves to the five percent targeted goal over a five-year period or less.

GLOSSARY

ADM

Average daily membership is the year-to-date average of daily student enrollment.

ADMW

The average daily membership of daily student enrollment increased by a variety of weighting factors. For example, each student qualifying for special education services is given one additional weight and counted as 2.0 full-time equivalents (FTE) for funding purposes.

ADOPTED BUDGET

The financial plan that is the basis for appropriations.

AD VALOREM TAX

A property tax computed as a percentage of the value of taxable property. See "Assessed Value".

APPROPRIATION

Authorization for spending a specific amount of money for a specific purpose during a fiscal year. It is based on the adopted budget, including supplemental budgets, if any. It is presented in a resolution or ordinance adopted by the governing body.

APPROVED BUDGET

The budget that has been approved by the budget committee. The data from the approved budget is published in the Financial Summary before the budget hearing.

ASSESSED VALUE

The value set on real and personal property as a basis for imposing taxes. It is the lesser of the property's maximum assessed value or real market value.

ASSETS

Resources owned or held by a government which have monetary value.

BEGINNING FUND BALANCE

Funds carried forward from the current fiscal year into the next budgeted fiscal year that become a resource to support the appropriations for the next budgeted fiscal year.

BOND or BOND ISSUE

A certificate of debt guaranteeing payment of the original investment plus interest on specific dates. Bonds are typically used by governments to pay for large public projects like new schools.

BUDGET

Written report showing the local government's comprehensive financial plan for one fiscal year. It must include a balanced statement of actual revenues and expenditures during each of the last two years, and estimated revenues and expenditures for the current and upcoming year.

BUDGET COMMITTEE

Fiscal planning board of a local government, consisting of the governing body plus an equal number of legal voters appointed from the district.

BUDGET MESSAGE

Written explanation of the budget and the local government's financial priorities. It is prepared and presented by the executive officer or chairperson of the governing body.

BUDGET OFFICER

Person appointed by the governing body to assemble budget material and information and to physically prepare the proposed budget.

BUDGET TRANSFERS

Amounts moved from one fund to finance activities in another fund. They are shown as expenditures in the originating fund and revenues in the receiving fund.

CAPTIAL OUTLAY

Items which generally have a useful life of one or more years, such as machinery, land, furniture, equipment, or buildings.

CASH BASIS

System of accounting under which revenues are accounted for only when received in cash, and expenditures are accounted for only when paid.

CONTINGENCY

A special amount budgeted each year for unforeseen expenditures. Transfer of general operating contingency funds to cover unanticipated expenditures requires board approval.

GLOSSARY

DEBT SERVICE

The amount of money needed to make periodic payments on the principal and interest on an outstanding debt. Debt service is usually expressed as an annual amount.

DEFICIT

The excess of the liabilities of a fund over its assets. Oregon school districts may not carry deficits in any fund.

ENCUMBRANCE

An obligation chargeable to an appropriation and for which part of the appropriation is reserved.

ENDING FUND BALANCE

The difference between a fund's resources and requirements at year end.

EQUALIZATION

A method for allocating local and state funds for schools adopted by the 1991 Oregon Legislature and modified slightly since then. The purpose of equalization is to ensure that students in all of Oregon's districts are treated more or less equally in terms of how state and local resources are allocated. Equalization is implemented through the State School Fund formula which allocates local and state funds on a weighted per student basis.

EXPENDITURES

Total amount incurred if accounts are kept on an accrual basis; total amount paid if accounts are kept on a cash basis.

FTE

Full-time equivalent staff. One FTE is defined as a regular position scheduled to work eight hours per day.

FISCAL YEAR

A 12-month period to which the annual operating budget applies. At the end of the period, a government determines its financial position and the results of its operations. It is July 1 through June 30 for local governments.

FIXED ASSETS

Assets of a long term character which are intended to continue to be held or used, such as land, buildings, improvements, machinery and equipment.

FUNCTION

Expenditure classification identifying the activity or principal purpose for which an expenditure is made.

FUND

A fiscal and accounting entity with self-balancing accounts to record cash and other financial resources, related liabilities, balances and changes, all segregated for specific, regulated activities and objectives.

GENERAL FUND

A fund used to account for most fiscal activities except for those activities required to be accounted for in another fund.

GOVERNING BODY

County court, board of commissioners, city council, school board, board of trustees, board of directors, or other managing board of a local government unit.

GENERAL OBLIGATION (GO) BOND

A bond that is secured by the pledge of a government's "full faith and credit". General obligation bonds issued by a jurisdiction are secured by the jurisdiction's ad valorem taxing power which is typically not subject to a constitutional limitation on the tax rate.

INDIRECT COST

A cost necessary for the functioning of the organization as a whole, but which cannot be directly associated to one service.

INTERFUND TRANSFER

A transfer made from one fund to another and authorized by resolution or ordinance.

LEVY

Amount of ad valorem tax certified by a local government for the support of the governmental activities.

LIABILITIES

Debt or other legal obligation arising from transactions in the past which must be liquidated, renewed, or refunded at a future date; does not include encumbrances.

GLOSSARY

MODIFIED ACCRUAL BASIS

All governmental funds are accounted for using the modified accrual basis of accounting. Under it, revenues are recognized when they become both "measurable" and "available to finance expenditures of the current period". Expenditures are recognized when the related fund liability is incurred.

OBJECT

A grouping of expenditures, such as personal services, materials and supplies, capital outlay, debt services, and other types of requirements.

OPERATING BUDGET

Plans of current expenditures and the proposed means of financing them. The annual operating budget is the primary means by which most of the financing acquisition, spending, and service delivery activities of the district are controlled. The use of an annual operating budget is required by state law.

PAYROLL EXPENSES

Amounts paid by the district on behalf of employees in addition to gross salary. Examples are group health premiums; contributions to public employees' retirement system (PERS); social security (FICA); and workers' compensation.

PERMANENT RATE LIMIT

The maximum rate of ad valorem property taxes that a local government can impose. Taxes generated from the permanent rate limit can be

used for any purpose. No action of the local government can increase a permanent rate limit.

PROGRAM

A group of related activities to accomplish a major service or function for which the local government is responsible.

PROPOSED BUDGET

Financial and operating plan prepared by the budget officer. It is submitted to the public and the budget committee for review.

PUBLICATION

Public notice given by a publication in a newspaper of general circulation within the boundaries of the local government.

REQUIREMENT

An expenditure or net decrease to a fund's resources.

RESERVE FUND

Established to accumulate money from year to year for a specific purpose, such as purchase of new equipment.

RESOURCES

Estimated beginning funds on hand plus anticipated receipts.

SPECIAL REVENUE FUND

A fund used to account for the proceeds of specific revenue sources that are legally restricted to expenditure for specific purposes.

STATE SCHOOL FUND

The major appropriation of state support for public schools. State School Fund grants are distributed to school district on a per-student basis. The State School Fund formula adopted by the legislature includes monies from the State School Fund plus local property taxes and some other local revenues. This formula determines over 90% of the district's general fund revenues.

SUPPLEMENTAL BUDGET

A financial plan prepared to meet unexpected needs or to spend revenues not anticipated when the regular budget was adopted. It cannot be used to authorize a tax.

UNAPPROPRIATED ENDING FUND BALANCE (UEFB)

Amount set aside in the budget to be used as a cash carryover to the next year's budget. This amount cannot be transferred by resolution or used through a supplemental budget, unless necessitated by a qualifying emergency.

GENERAL FUND

FERN RIDGE SCHOOL DISTRICT 28J GENERAL FUND RESOURCES

Resources supporting District General Fund operations primarily reflect local and state revenues, with additional income representing federal, county, and other sources. The largest portion, which includes state funding and local property taxes, is determined by the State School Fund (SSF) formula. Since Measure 5 property tax limitations were approved in 1990, state appropriations for K-12 education are decided each biennium by the legislature. Amounts paid by the state are highly dependent upon corporate and personal income taxes as well as local property taxes.

STATE SCHOOL FUND

The SSF formula was developed with the goal of providing equal funding to all districts, with funds allocated on a weighted, per-student basis. Extra weighting is provided for special education, English language learners, students living in poverty, and teen parents. To determine a district's general purpose grant, the weighted student count is multiplied by a statewide target grant amount (currently \$4,500), which is adjusted to reflect average teacher experience. Based on individual district expenditures, a transportation grant, high cost disabilities grant and facilities grant are added to the general purpose grant to determine total formula revenue. Once total formula revenue is calculated, local property taxes and other specified revenues are deducted to determine the amount of the grant to be paid to a district.

PROPERTY TAXES

Under Measure 5, district property taxes are based on a permanent tax rate of \$4.82 per \$1,000 of assessed value, applied to the value of real and personal property located within district boundaries. Tax revenues budgeted for 2025-2026 assume a 3.5% increase in assessed values and a collection rate of 94.5%. Most taxes not collected in the year in which they were levied are collected in subsequent years. It is estimated that approximately 30% of the outstanding balance of uncollected taxes will

be received during the 2025-2026 fiscal year. Other property taxrelated revenues include interest earnings from delinquent taxes.

OTHER STATE FUNDING FORMULA REVENUES

- County School Fund Miscellaneous tax receipts from Lane County distributed on a per student basis.
- Common School Fund State allocation per ORS 327.403 distributed on a per student basis (varies from year to year).
- Federal Forest Fees Receipts under ORS 294.060 from forest reserve rentals, sales of timber, and other sources from forest reserves within the State of Oregon.
- State Managed County Timber Revenue in addition to that distributed through the county school fund per ORS 530.

OTHER SOURCES OF REVENUE

The district receives money from a variety of sources that are not deducted from the SSF grant. These include interest earnings; receipts from the rental and use of school facilities; services provided to charter schools; and other miscellaneous revenues.

BEGINNING FUND BALANCE

Other General Fund resources include unexpended resources and the unappropriated ending fund balance carried over from the previous year. These resources are also excluded from the SSF formula.

SPECIAL EDUCATION

SERVICE AREA DESCRIPTION

The Special Education area ensures that students who have specific educational needs receive the necessary support to help them be successful. These services include individual education programs (IEP) for approximately 300 students which ensure compliance with the federal Individuals with Disabilities Education Act (IDEA).

MAJOR FUNCTIONS

1220 Restrictive Programs for Students with Disabilities

Special learning experiences for student with disabilities who spend half or more of their time in a restricted setting.

1250 Less Restrictive Programs for Students with Disabilities

Special learning experiences for students with disabilities outside the regular classroom.

2550 Student Transportation Services

Activities concerned with the transportation of students between home and school.

NON-OPERATING (TRANSFERS, CONTINGENCIES AND RESERVES)

PROGRAM DESCRIPTION

The Non-Operating (Transfers, Contingencies and Reserves) program includes appropriations for interfund transfers, contingencies, and unappropriated ending fund balance.

Interfund transfers represent transfers of resources between funds or the transfer of equity between. For fiscal year 2025-2026 this appropriation includes proposed transfers of \$8,500 to the Food Service Fund, \$200,000 to the Textbook Fund, \$25,000 to the Technology Fund, \$10,000 to the District Maintenance Fund, and \$50,000 to the PERS Reserve Fund. A contingency appropriation provides a resource for occurrences or emergencies which cannot be foreseen at the time of budget preparation. Authorization by the Board is required prior to the use of these funds. The Unappropriated Ending Fund Balance (UEFB) represents the estimated resources which will remain undesignated for the current year.

MAJOR FUNCTIONS

5200 Interfund Transfers

These are transactions which withdraw money from one fund and place it in another without recourse.

6000 Contingencies

Expenditures which cannot be foreseen and planned in the budget process because of an occurrence of an unusual or extraordinary event.

7000 Unappropriated Ending Fund Balance

An estimate of funds needed to maintain operations of the school district from July 1 of the ensuring fiscal year and the time when sufficient new revenues become available to meet cash flow needs of the fund. No expenditures shall be made from the unappropriated ending fund balance in the year in which it is budgeted.

SPECIAL REVENUE FUND

SPECIAL REVENUE FUNDS:

This fund accounts for the proceeds of specific revenue sources that are restricted to expenditure for specified purposes.

FOOD SERVICE PROGRAM: The food service program provides nutritious and affordable meals and promotes nutrition education. The financial goal of the program is to be a break-even or better level of operation. Income is received from federal and state government reimbursements as well as student participation.

STUDENT BODY FUNDS: These special revenue funds account for all student body activities at the District's four schools.

TEXTBOOK FUND: This special revenue fund accounts for the purchase of textbooks used in the District and includes an annual transfer of support from the general fund.

EHS ATHLETICS FUND: This special revenue fund accounts for all high school athletic activities and includes an annual transfer of support from the general fund.

CONSTRUCTION EXCISE TAX FUND: This special revenue fund accounts for the Construction Excise tax received.

DISTRICT TECHNOLOGY FUND: This fund was established to build a progressive reserve account to support necessary technology upgrades and improvements.

DISTRICT MAINTENANCE FUND: This fund was established to build a progressive reserve account to support the district's necessary improvements for building and grounds maintenance, vehicles, equipment, and other capital outlay.

DISTRICT RETIREMENT FUND: This fund was established to account for the district's obligation related to supplemental retirement benefits and a PERS reserve intended to be used to buy down higher rates in the following biennium. Supplemental retirement benefits are recorded here.

SOME OF THE FEDERAL & STATE GRANTS WITHIN THE SPECIAL REVENUE FUND:

ESSER(CARES): ESSER I, II, and III are Federal Grant programs established by the federal government to address the impact that COVID-19 has had, and continues to have, on our educational communities.

ARP-HCY: Is federally funded grant program to support the specific needs of homeless children and youth.

IDEA: The Individuals with Disabilities Education Act (IDEA) is the federal education law that regulates special education by guaranteeing all children with disabilities access to a free and appropriate public education.

STUDENT INVESTMENT ACT (SIA): At a high level, SIA funds must be spent on Well-Rounded Education, Health & Safety, Instructional Time and Reducing Class Size.

TITLTE I-A: Grants to LEAs: Title I-A provides financial assistance to public schools with high numbers or percentages of poor children to help ensure that all children meet challenging state academic content and student academic achievement standards.

EARLY LITERACY: The purpose is to increase literacy for children (k-2).

TITLE II-A: Teacher Quality: The purpose of Title II-A funding is to provide grants in order to increase student academic achievement by increasing the number of highly qualified teachers, paraprofessionals, and administrators in schools and classrooms.

TITLE IV-A: The purpose of Title IV-A funding is to provide Student Support and Academic Enrichment Grants.

PERKINS: Is part of the integrated guidance process and is intended to assist school districts in improving secondary and postsecondary-level career and technical education programs.

MEASURE 98: The purpose of Measure 98 is to provide funding to establish or expand programs in Dropout Prevention, Career & Technical Education and College Level Education Opportunities.

MEASURE 99: Outdoor School.

FAMILY RESOURCE CENTER: The Family Resource Center Grant is to assist in serving youth and families of the Fern Ridge School District area.

KITS: Kids in Transition to School is an evidence-based school readiness program developed at the Oregon Social Learning Center. The program provides a boost to children's literacy and self-regulation.

DEBT SERVICE FUND

DEBT SERVICE FUND

This fund accounts for payments of interest and principal on general long-term debt. Property taxes are the major source of revenue for general obligation debt; pension obligation debt is recovered through payroll charges. The District is currently paying debt service on one general obligation bond issue and one pension obligation bond issue.
