### III. OUTLINE OF PROJECTS AND REDEVELOPMENT ACTIVITIES

No changes to Phases I through V.

#### 6. Phase VI.

##### 1. Economic Development (Acquisition of Real Estate)

Economic development is at the forefront of the Plan's strategic vision. Acquiring and renovating key real estate properties will enable NBURA to foster new business opportunities, attract investments, and create jobs. These acquisitions will lay the groundwork for mixed-use developments, commercial hubs, and public spaces, contributing to the economic vitality and sustainability of North Bend.

##### 2. A. Housing Development (Redevelopment of Coos County Courthouse Annex)

Redeveloping the Coos County Courthouse property into housing units is crucial to addressing the housing shortage. This project serves and benefits the Area by providing affordable and diverse housing options, supporting healthcare, logistics, public safety, and education workers. By increasing the housing stock and improving government infrastructure, the NBURA will alleviate pressure on the housing market, promote inclusivity, and enhance the quality of life for our residents. The project also serves and benefits the Area by relocating city services from the outdated, costly-to-maintain 1930s City Hall into a modern, earthquake-resilient building. This move reduces costs for taxpayers while ensuring safe, efficient city operations. By incorporating City Hall offices along Union Avenue, the redevelopment can be expanded to include approximately 40 additional workforce housing units for educators, public safety personnel, healthcare workers, and logistics employees. This increase in family housing supports student enrollment growth, bringing additional state funding to North Bend Schools, while maximizing the community benefit of the project.

##### 2. Downtown Streetscape (Tree Vaults, LED Lighting, Public Art)

Enhancing the downtown streetscape is essential for creating a vibrant and inviting urban environment. Installing upgraded tree vaults, energy-efficient LED lighting, and public art will improve the aesthetics and functionality of downtown North Bend. This project will boost local businesses by attracting more visitors and encouraging longer stays, fostering a sense of community pride and ownership.

##### 3. Grants (Façade, Mural, and Redevelopment Grants)

NBURA's grants for façade improvements, murals, and redevelopment projects are designed to stimulate private investment and beautify the city. These grants will empower local businesses and property owners to enhance their buildings, contributing to the overall appeal and character of North Bend. The resulting improvements will increase property values and create a more attractive environment for residents and visitors.

##### 4. Street and Utility Upgrades (Street Lights, Storm Drainage)

Upgrading streets and utilities is vital for ensuring the safety and efficiency of the Area infrastructure. Improved street lighting will enhance nighttime visibility and safety, while upgraded storm drainage systems will mitigate flooding risks and improve water management.

*These enhancements are critical for supporting current and future development, protecting property, and ensuring the well-being of our community.*

5. *Parks and Recreation (ADA-Compliant Restroom Facility, Utility Infrastructure Upgrades)*

*Our parks and recreational facilities are vital for promoting health, wellness, and community engagement. This project focuses on constructing an ADA-compliant restroom facility and upgrading utility infrastructure in our parks. These enhancements will ensure accessibility for all residents and improve the overall functionality of our recreational spaces, making North Bend a more inclusive and enjoyable place to live, work, and play.*

D. Acquisition and Disposition of Real Property.

1. Acquisition

~~As outlined in the above Phasing Plan, the intention of the Urban Renewal Agency is to acquire key parcels of land in the general area bordered to the west by Sheridan Avenue, east by Coos Bay, north by California Avenue and south by Washington Avenue. In addition, the Agency intends to acquire the tank farm property located north of California Avenue and east of the Southern Pacific Rail Road for use as a boat ramp and trailer parking facility. Acquisition may be used in connection with the projects identified in the Plan and in accordance with the Property Acquisition and Relocation Section of this Plan.~~
