RE: Permission to Purchase School Buses (Ratify)
DATE: October 10, 2017

Please request that the Board ratify the purchase of two (2) school buses that were purchased in August 2017. Truck Center offered a 2018 model 77 passenger buses at a cost of \$100,500.00 with air condition and recommended restraining devices. Upon delivery, we received 2019 models. The total cost for the 2 buses remained the same at \$201,000.
