

Child Nutrition / Warehouse / Copy Center Report

Lynne Keenan

March 20, 2019

April 10, 2019 is Wear Orange Day which is “Child Hunger Awareness Day”. By wearing orange and encouraging others to do the same; you are increasing awareness and standing united with the cause of reducing Childhood Hunger.

I testified at the Capital in Helena on Monday, March 18, 2019 in front of Legislation supporting School Breakfast access to food insecure students to ensure that students are properly nourished and can reach their fullest potential. HB 648 targets high need schools which are schools with 40% of their student body qualifying for free and reduced priced school meals. The Bill encourages these schools to increase breakfast participation through a financial incentive. Browning Public Schools had the highest increase for school breakfast participation.
