RE: Low Attendance Waivers to Maximize State Funding

Texas Education Code Chapter 38, and Texas Education Agency's Attendance Accounting Handbook 3.8.1.4 allows a district, or campus to request that any instructional days with attendance at least ten (10) percentage points below the last school year's average attendance due to inclement weather, health or safety-related issues be excluded from Average Daily Attendance calculations for the current school year's Foundation School Program funding.

Due to illness in October and November the following schools had days that qualified for a low attendance waiver: Richard J. Lee Elementary had three days, Cottonwood Creek had one day, and Austin Elementary had two days

The district will apply for the missed school day waivers based upon the number of remaining minutes available to the district at the time of application.

Recommendation: The Board approves the Resolution as presented for low attendance waivers due to illness.
