RE: Boiler Tune up Rebate
DATE: Tuesday, July 15, 2014

The Illinois Department of Commerce and Economic Opportunity administers the **Illinois Energy Now** (IEN) portfolio of programs that encourages implementing cost – effective energy efficiency measures. One such program of this IEN portfolio is the **Public Sector Natural Gas Boiler Tune-Up Program** (“Tune-Up Program”). This program can be utilized by any public entity in the service territories of Northern Illinois. (Nicor, Peoples or North Shore) The program provides cash incentives to encourage owners of Natural Gas Boilers to invest in a Boiler Tune-Up conducted by a qualified contractor.

Boiler tune-ups were completed across the district this past spring and we received \$11,880.86 from Midwest Energy Efficiency Alliance for the Illinois Energy Now - Nicor Boiler Tune-Up Rebate Program.
