

Board Report for April 2025 – Report aligned to 2024-25 Goals

Climate/Culture

- Our tier two social, emotional, behavior support team, we refer to as the Behavior Intervention Team or BIT team, continues to meet and develop our systems to support students. With the work that has gone into prioritizing social emotional learning standards and the adoption of the counseling curriculum, Character Strong, we are “rebranding” our expectations. We are creating an acronym that is connected to the work that has been done. The plan is to create, choose and implement starting in 25/26.
- Jaclyn from CESA II will be coming to our district to provide a ½ day of professional development on trauma sensitive schools (AM at MS/HS and PM at TCE) to continue our focus on student mental health and become a trauma sensitive school district

Curriculum and Instruction

- The Forward Exam window is open. Our 4th grade has completed their testing. Our 3rd and 5th graders will finish up testing the week of April 14th.
- The spring round of AIMSweb assessment is underway. This data will be used to see how students have grown and will help us determine intervention/enrichment groups.
- Students with Personal Reading Plans had updated progress monitoring reports that were sent to families with a letter explaining whether the student was continuing in the intervention, the intervention was

changing or the child had performed well enough to no longer need an intervention.

- We are currently piloting iReady as a math curriculum in grades 1, 3 and 4. Feedback has been positive, including those piloting like the examples and practice in the student workbooks, there are a lot of slides that can be displayed to assist with teaching the lesson and the rigor is definitely higher than the previous curriculum. These same teachers will pilot Eureka (sauared) soon.

Facilities/Branding/Safety

- Our district has a partnership with Print Transformations, a company out of Iowa, to help improve the aesthetics of our school with intentional branding. We hope to continue our collaboration after we have walls painted, etc. and can use ideas from the acronym chosen to brand the building in a variety of areas.
- A referendum committee has been charged with choosing classroom and hallway paint colors. They've already helped choose carpet and flooring types for classrooms.
- A representative from Lee Recreation in Cambridge, WI visited TCE to measure areas of the playground and will provide a master plan to be considered when we make decisions about upgrades to the playground during the referendum project.

Respectfully submitted by Jerim DesJarlais – Tiffany Creek Elementary
Principal
