7.1. English Course Proposal

The Teaching and Learning team is committed to expanding post secondary opportunities for students. The English course proposal entails as a pilot offering 1 session of English 101 at both Hale and Central in the 26-27 school year. Students would have the opportunity to earn both high school and college credit in collaboration with UW-Milwaukee. WAWM covers the cost which will be at a significantly reduced rate in comparison to the student paying for the credit independently. We are looking into our current staff that have the required degree to teach it. Students would need a 2.75 GPA or teacher recommendation to participate. The curriculum and expectations are the same as the class through UW-M with the same expectations and grade requirements.
