

Northeast Metro 916

An overview for Mahtomedi Public Schools

About Intermediate School Districts

Intermediate districts are specialty school districts that provide defined shared student services to a group of K-12 member school districts.

Quick Facts:

- Minnesota has four intermediate school districts
- Combined, the four serve more than 20,000 students across 45 member districts.
- Intermediates offer specialized educational programs and services to member districts that, individually, find it difficult to provide on a smaller scale.

Area Learning Centers

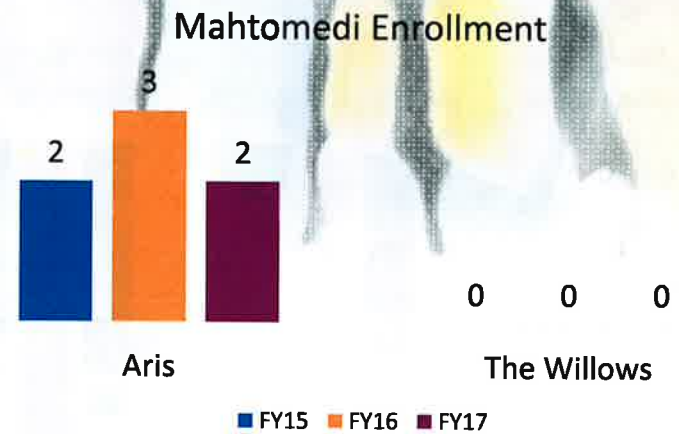

Area Learning Centers (ALCs) help students achieve their educational and career goals in a non-traditional learning environment. The three locations offer comprehensive and rigorous high school curriculum delivered within a personalized, flexible and nurturing environment. Students receive assistance in meeting graduation requirements and have opportunities to gain vocational skills and work experience.

Mahtomedi Enrollment

Care & Treatment

Northeast Metro 916 provides educational services to students experiencing mental health crises who receive care in psychiatric facilities. This helps ensure that each student does not lose track of their educational goals while they are receiving treatment outside of their home schools.

Career & Tech

Located on the east campus of Century College (Mahtomedi), the Career and Technical Center (CTC) provides unique and meaningful hands-on learning opportunities that allow students in grades 11-12 from participating schools to explore a passion while earning high school and college credit in a college setting. Students attend one, two-hour block during the school day.
