

July Board Report 2025

As we approach the new 25-26 school year.

There were several things that the cafeteria staff have done to get ready for the new year:

The cafeteria staff attended 12 hours of training in June to stay updated on all the rules and regulations that will affect us in the 25-26 school year. I (Yolanda) received 40 hours of training to stay in the know.

We were able to find a wonderful replacement for Mrs. Balderas, Ms. Veronica Garza was hired to join us in the cafeteria starting the 25-26 school year.

We received our official notice from TEA that the cafeteria will take part in AR/PR Audit the 25-26 school year.

The NSLP application was submitted to TX-UPNS for the cafeteria to continue to run under Community Eligibility (CEP) for the 25-26 school year.

We are all having a great summer.
