

Box Elder School District Recommendation for Fuel Tank

Installation of Fuel Tank and Supporting Infrastructure

Recommendation: It is recommended that the Board of Education install a diesel fuel tank at the South Transportation Depot.

Background: The District installed a diesel fuel tank at the North Transportation Depot in 2024. During the 2025 school year, the cost savings from that fuel tank paid for the cost of installation within 6 months. Seeing the return on investment, it is proposed to install a diesel tank at the South Transportation Depot. The project will entail installing communication and power lines to the tank location, creating a solid surface surrounding the tank and the installation of the tank.

Policy Implications: None

Financial Implications: Funds in the capital outlay fund will be used to purchase the property. Total cost will be \$520,927.49.

Staff Implications: None at this time.

PROPOSAL

October 14, 2025

To: Attn: Corey Thompson
Facilities Manager
Box Elder School District
960 South Main
Brigham City, UT 84302

Project: BESD South Transportation
Diesel Tank

We hereby submit the estimate for the above referenced project:

Scope of Work: Demo and haul off existing rock materials, remove and relocate designated light poles and electrical pedestals, remove existing asphalt striping, furnish and install storm drain extension, furnish and install new electrical light poles, pedestals, and power for new diesel tank, furnish and install new concrete tank pad per tank manufacturer recommendations, furnish and install 30 new 4" diameter bollards, place and compact base materials, furnish and install 4" asphalt paving, and striping for bus stalls.

Exclusions: Permits, fees, bonds, testing and special inspections, purchase and installation of the new diesel tank, and anything not included in the above scope of work.

We propose hereby that it will cost in materials and labor to complete this project the sum of:

*****Three Hundred Seventy-One Thousand, Five Hundred Ninety-Three Dollars and 00 cents
** (\$371,593.00)***

Terms of payment are as follows: monthly payments of 100% of work performed.

All material is guaranteed to be as specified. All work to be completed in a workmanlike manner according to standard practices. Any alterations or deviation from the above specifications involving extra costs will be executed only upon written orders and will become an extra charge over and above the estimate. All agreements are contingent upon strikes, accidents or delays beyond our control. Owner shall carry fire, tornado and other necessary insurance. Our workers are fully covered by Workman's insurance.

(This proposal is subject to acceptance within 20 days.)

ACCEPTANCE OF PROPOSAL: The prices, specifications and conditions outlined are satisfactory and are hereby accepted. You are authorized to do the work as specified. Payment will be made as noted above. I understand **INTEREST** will be charged at the **RATE OF 1.5%** per month, which is an **ANNUAL PERCENTAGE RATE OF 18% ON ACCOUNTS NOT PAID BY ABOVE TERMS**. Should it be necessary to place this account with an attorney for collection, I hereby agree to pay reasonable attorney, collector or suit fees. DWA Construction, Inc. will not be responsible for any increases in material costs incurred by our subcontractors, suppliers or vendors beyond the acceptance date of this proposal.

Date of Acceptance: 10-14-2025

Signature:
