Division: Legal Services

Subject: Adoption of Lewisville ISD Public Information Act Calendar 2025

Background Information:

- House Bill 3033 - Effective 9/1/2023
- Defines “business day” for the purposes of the public information act to mean a day other than a Saturday or Sunday, a national holiday, or days on which a governmental entity observes a national or state holiday that occurs on a Saturday or Sunday.
- The bill allows governmental entities to designate an additional 10 non-business days (such as Thanksgiving break, Winter break, Spring break, etc) per calendar year as days the District will not be responding to requests for information.

Administrative Consideration:

- In order to designate these days, the Board must take action on a prepared calendar.
- The attached is for the calendar year 2025.

Recommendations:

- Approve the LISD Public Information Calendar for 2025.
