

**Subject:** Approve Internet Access and Wide Area Network Service Agreements

**Date:** February 18, 2025

**BACKGROUND:**

Our current contract for fiber optic network connections between our school buildings and the technology office expires June 30, 2025. Following the protocols required by USAC (Universal Service Administrative Company) and the FCC (Federal Communication Commission) we requested proposals in an open bidding process. Through this process, Comcast's proposal was awarded the most points based on price, previous experience and understanding of the District's needs.
