

SUPPORTING AGENDA DATA  
BOARD OF DIRECTORS, EDUCATION SERVICE CENTER, REGION 20

May 7, 2014

SUBJECT: PROGRAM HIGHLIGHT – CREATING TURNAROUND EDUCATOR PIPELINE

EXPLANATION: Dr. Jeff Goldhorn will provide information on the Creating Turnaround Educator Pipeline (CTEP). It is a \$3.3 million dollar grant that was awarded to ESC-20 in 2013. CTEP is a collaborative effort that includes all 20 Texas Education Service Centers (ESC) in partnership with identified institutions of higher education (IHE), the Texas Education Agency and a cohort of low-performing campuses (LEA) throughout the state. The project vision is to permanently improve student achievement and campus culture at low-performing campuses in school districts and charter schools throughout Texas by developing a statewide network of interconnected Turnaround Educator Pipelines that capitalizes on value-added contributions of all partners.

ACTION: For Information Only.

Respectfully submitted,

Ronny L. Beard  
Executive Director
