Subject: Re: Improvements at BISD Track field

I have the pipe in and waiting to start the project. I will have the water pipe in before May 06, I do not have sewer pipe. I will work on sewer pipe, get bids, see if the city can afford the sewer pipe and will let you know as soon as possible. I will not know about the sewer until after the first of the year.

I will schedule laying water pipes in January '06. I will let you know in January about the sewer pipe. Thank you. Bonnie Mayes, City Secretary

Bonnie,

The board is planning on moving forward with renovations to the track field. We will not start until track is over for this year, probably May 06. Two issues I need some information on:

1. Will the new water line be in place by May 06?
2. Are city sewer services available or will they be available by May 06?

The board is meeting on the 12th. If we can finalize details, we should be able to go out for bids ASAP.

Thanks for your help.
