Partners,

Earth Day is celebrated worldwide on April 22<sup>nd</sup> to demonstrate the support of environmental protection. First celebrated in 1970, Earth Day is now the world's largest environmental movement with events held in more than 193 countries.

At H-E-B, we believe that our work to care for the environment not only makes us better neighbors, but also helps us serve our customers better. We work year-round to educate and empower customers to recycle plastic bags and use reusable bags.

Since 2008, H-E-B stores across the state have given our customers complimentary reusable bags in celebration of Earth Day. In addition, we have partnered with local schools to host a School Plastic Bag Recycling Challenge, and the program continues to grow year after year! To celebrate our 15<sup>th</sup> year of honoring Earth Day, Public/Environmental Affairs will be sponsoring the School Plastic Bag Recycling Challenge and additional contests for added excitement and engagement. Details inside.

Let's Celebrate Earth Day!

Sincerely,  
Environmental Affairs Team
