Re: Proportionate Share Report

District 97 staff met with representatives from the Private/Parochial Schools on August 11, 2010 as required by IDEA 34 CRR 300, the 134,135, and the 23 Illinois Administrative Code 226. 350. It was discussed how proportionate funds would be disbursed.

It was agreed by the private/parochial schools (Ascension, St. Edmund, and St. Giles) and the district, that the total amount of the IDEA Part B funds and the American Recovery and Reinvestment Act (ARRA) funds would be used for providing speech and language and resources services to students that attend home/private/parochial schools.

The ARRA funds are being used to address the students on the waiting list from the 2009-10 school. We are currently servicing 30 students. All students are transported by their families to district 97 schools for services.
