Grade 11 SAT	17.40%	29.60%	-12.20%

Please note the numbers for the State are preliminary. I don't know if they cover the Fall testing. So these are not official. Also while thrilled with 5th grade, I want to point out that as 3rd graders they were at 55% proficient. For SAT the State is ISBE cut off and not College Board.
