

Current MDE/MDH Guidelines

- Masks are not required if a person is fully vaccinated. They are recommended if a person is NOT fully vaccinated. (As of May 2021)
- Masks are required on all public transportation including school buses
- Social distancing of 3 feet is recommended.
- The decision tree that was adopted 5/27/21 still is in effect at this time. <https://www.health.state.mn.us/diseases/coronavirus/schools/exguide.pdf>
- Quarantine Rules remain the same for students, staff, and sports teams
 - 7 days with a negative test
 - 10 days with no test or symptoms
 - 14 days still highly recommended
- Schools to continue to offer testing for all staff and students can request testing

Current CDC Recommendations

These have not been adopted or addressed as of 7/13/21 by the MDE/MDH

- Staff and students who are not vaccinated should wear masks.
 - Proof of vaccination (MIIC)
- Currently recommended 3 feet of social distancing for students at all time

Discussion Items

- Ann Orren has said we need to decide how we are going to have people “prove” they were vaccinated.
- What is the board’s stance on the recommendations of social distancing and masking if they are not made mandatory
