STUDENT HEALTH SERVICES AND REQUIREMENTS

The Superintendent shall establish procedures for the student health services program in the District. Such procedures will provide for:

- Administration of patent or proprietary medications (over-the-counter [OTC] medications) in compliance with Arizona Revised Statutes and District policies.
- Administration of prescription medications in compliance with Arizona Revised Statutes and District policies.
- Administration of immunizations in conjunction with the County Health Department and in compliance with Arizona Revised Statutes.
- Providing preventive health information.
- The treatment of school-related injuries/illnesses, and recommendation for follow-up care.
- Screening clinics for selected physical impairments.
- **On request by a student's parent or guardian, the District shall provide health care credentials of each individual who provides routine health care to students in the school's health office.**
- **On request by a student's parent or legal guardian, the District shall provide information describing the types of emergency response training, including cardiopulmonary resuscitation training, that the District requires school employees to complete.**
- **The District is not required to release the personally identifiable information of a school employee or individual who provides routine health care services to students, including the employee's or individual's address, salary, or social security number, or telephone number.**

Adopted: **October 28, 2025**
