Site Report – IGI – March 2021

To: Superintendent Ty Mase and LPSD School Board Members	From: Hannah Middleton, Head Teacher

Outstanding Events

Igiugig School hosted the first basketball jamboree of the season! Our school was so thankful to get to be a part of the games. Igiugig won first place, Kokhanok won second place, and Levelock/Pilot Point won third place. The teams all had a blast. We can't wait to travel next weekend!

Personnel

No changes in personnel.

Standards Based System/Curriculum Progress

Mr. Bill's sixth grade science class has officially finished for the year and he has progressed all of his students into the next level. His high school science class is hard at work on their project for the science fair. Ms. Gabbie's class has been working hard to learn about the life cycle of Alaskans plants and animals, and also focusing on opinion writing. Ms. Hannah's class has been learning about writing research papers, studying countries around the world, and finishing up their EOL test for reading and writing.

Technology Progress

We received our new iPads and the elementary students are loving them!

Facility Update

We are gearing up to start moving the library at the end of April. Arrangements are actively being made to help the transition for construction to begin in May.

LSAC Activity

LSAC met in March. We discussed jamboree, COVID guidelines, Schoolwide Plan, student government activity, and more.

Volunteer Report

Fewnia Zharoff continued to volunteer daily from 8am-12pm in our classrooms as an aide. We are very thankful for our wonderful volunteers!

Professional Development

Staff has been attending LPSD PD events and also meeting with Mr. Dube about upcoming individual PD opportunities.

Pupil Attendance

We have had nearly perfect attendance all year!

Student and Staff Safety
