

School Board Workshop:

August 27, 2012

Subject:

Parkside Project Review & Comment

Presenter:

Eric Hamilton

SUGGESTED SCHOOL BOARD ACTION:

Board Approval

DESCRIPTION:

We are asking for Board approval of the Parkside Indoor Air Quality (IAQ) Review and Comment. This project is the last in a series of IAQ improvements we have been making throughout the district. The Review and Comment describes the scope of the project and includes a budget on page 19. Approval of this document is the first step in getting funding for this project through the Health and Safety Alternative Funding program.
