### RECOMMENDATION:

It is recommended that the board approve personnel requests for 5 lead teachers and 5 associate teachers.

### BACKGROUND:

As the Governor continues to make universal preschool a priority, local districts are looking to expand the number of GSRP classrooms in the districts. At this time, Kentwood (2 classrooms), Kelloggsville (2 classrooms) and Caledonia (1 classroom) are all asking to add additional classrooms to support the number of children requesting GSRP in their districts.
