Re: Approve Change of Employment - Gianna Stornello

Recommendation:

It is the recommendation of the Superintendent to approve the change of employment for Gianna Stornello to 0.5 paraprofessional / 0.5 Interventions Long Term Substitute teacher effective January 5, 2025 at a salary of \$36,661.50 prorated for days worked.

Background Information:

Gianna Stornello joined our school district last year as a substitute teacher and this year as a paraprofessional. She has a Bachelor's degree in Elementary Education with an English as a Second Learning endorsement from Illinois State University. We would be moving her to be half paraprofessional, serving primarily with preschool, and half interventions teacher replacing this portion of the position vacated by Maggie Lawson's resignation.
