Notes / Other Considerations:

- The Title I Schoolwide Plan should reflect all fund sources combined in the implementation of this plan, e.g., **State Compensatory Education funds** and other eligible funds.
- If the campus is combining State Compensatory Funds (SB 702), the plan must reflect:
  - The intent to combine the fund sources;
  - The size and scope of the SCE budget; and
  - FTEs funded from SCE.

The information may be provided either in the “Resource” column **or** via a preface or an appendix page.

- Program Coordination – Campus improvement plans should reflect coordinated/integrated professional development activities, e.g., Title II, Part A and Title II, Part D, etc.
- Title II, Part A (Teacher and Principal Training and Recruiting Fund) program activities for recruiting and retaining staff, providing professional development, improving the quality of the work force, and reducing class size should be included in the plan, as appropriate.
- Title IV (Safe and Drug Free Schools) fund expenditures for allowable activities should be noted in the CIP, when appropriate, including progress toward reducing violence and illegal drug use.
- Special Education – Include any of the five (5) areas of CAP, as appropriate. Include strategies/activities for addressing training for SB1196 (Texas Behavior Support Initiative) and SB1727 (support for general education teachers who provide instruction for special education students).
- SB1 – Include strategies/activities to address conflict resolution, discipline, and technology training.
