## Board Report: June 2025

### **Academics**

Our Math department will continue to work on curriculum planning and instructional practices for our CPM program. We have training set in July as we continue to build on the growth of our math program for the Jr/Sr High students.

### **Credit Recovery/Tutoring**

We started credit recovery classes June 2nd- June 27th. We have 35 students registered for credit recovery for the High School. They are currently working toward recouping lost credits from the school year.

We are continuing to work on classrooms for our Tiger Success Center. We also have finished up student/family interviews for our incoming success students.
