### **2012 -2013 District Improvement Plan**

According to the Planning and Decision Making Process section of the Texas Education Code § 11.251, “the board of trustees of each independent school district shall ensure that a district improvement plan and improvement plans for each campus are developed, reviewed, and revised annually for the purpose of improving the performance of all students. The board shall annually approve district and campus performance objectives.” Accordingly, the 2012-2013 District Improvement Plan is submitted for your approval.

The 2012-2013 District Improvement Plan was thoroughly reviewed by the Curriculum Department and the District Education Improvement Council, DEIC. Through the input of these two groups in multiple sessions, revisions were made to the document. In addition, revisions were made based upon the action plans derived from the 2009 CISD Strategic Plan and a CISD Comprehensive Needs Assessment.

The 2012-2013 District Improvement Plan has been rearranged to assist campuses as they create their Campus Improvement Plans. All state and federal mandates required to be documented in the District Improvement Plan and Campus Improvement Plans have been arranged in Appendix A. Campuses will attach Appendix A to their Campus Improvement Plan, thus creating a more uniformed process.
