Background Information

The district received a \$50,000 grant from the Jones Family Foundation to conduct short-range and long-range educational planning for the district. Three of the four respondents to a Request for Proposals were selected to interview; the fourth firm was over budget.

A team of building and district leaders (an elementary principal, RWHS Interim Principal, Communications Manager, Director of Community Education and Recreation, Director of Teaching and Learning, and Superintendent) interviewed the three firms. The consensus choice is to contract with Edulytix at Inflexion for educational planning services.

Attachments include Edulytix at Inflexion's proposal and case study. Anne Robertson will provide a recap explaining why Inflexion was chosen.

Recommendation

I move to authorize the Superintendent to negotiate a contract with Edulytix at Inflexion to provide educational planning services and to establish a timetable to complete the planning process with approval by the school board.
