### **QISD Board Report for Reagan Elementary, Month of February/March 2017**

- **HRS – High Reliability Schools**  
We have enjoyed our training at Region 9. We will have 3 schools coming to Reagan Elementary to conduct Instructional Rounds this month! We are excited to show the engaging instruction happening in our classrooms. We have also completed one round of Instructional Rounds on our campus, and I have heard very positive feedback from all of the teachers.
- **PLC (Professional Learning Community) Staff Development**  
Teachers are meeting in PLC's two times per month. This is working well, and we hope to have a more structured schedule built into our master schedule for next year. In May we will revisit to determine what worked/what did not and decide how we want our PLCs to look for next year.
- **Family Math Night was a Success!**  
Teachers arranged for a short lesson or sharing of strategies parents can use when helping their child with Math homework. They also had Workstation/Math center games for students to show/play with their parents. This helped students to own their own learning, and for parents to enjoy some academic time with their children. We also served a free hot dog dinner!
- **TTESS**  
I have completed all of my observations, held a pre-conference with each teacher prior to the observation, and am finishing up the post-conferences this week. I love getting into the classrooms to see the many wonderful things teachers are doing with their students!
- **Upcoming events:**  
March 13-17 - Spring Break  
Tuesday, March 28 – Math STAAR test  
Wednesday, March 29 – Reading STAAR test
