

Bids collected from Bud Roberts for purchasing a lawnmower.

HOME DEPOT

54" Zero Turn Cub Cadet Model ZT2-54, hydrostatic drive

New \$5266.00 all in. 3 year warranty. Must take it to a shop to be serviced. Will need to order.

ACE HARDWARE

54" Zero Turn Toro Time Cutter Model 75756, hydrostatic drive

New \$5158.92 all in. 3 year 300 hour warranty. Must take it to a shop to be serviced. Will need to order.

AAA EQUIPMENT

54" Zero Turn Exmark Quest S-Series, hydrostatic drive

\$5017.11 all in. 3 year warranty, plus they will service the machine in their shop, offer and rental if needed, and added pick up service if needed.

MY NOTE: Based on all things very similar, (deck size, mower engine size, comfort, warranty, etc) this is the one machine I choose over the others based on quality, engine use ratings and AAA's service availability. If anything goes wrong they will back us up.

I have a machine ready from them as soon as we are ready to purchase. No waiting. The crew at AAA are easy to work with as well. LOCAL!

This is my comparison and my views on choice.
