## Excellence without Equity

Both groups improve

but achievement gap gets wider  
*because the Blue Group improved  
at a faster rate*

## Equity without Excellence

Achievement gap narrows

*because **only** the Red Group  
significantly improved*

## Excellence with Equity

Achievement gaps narrows

*because both Blue and Red  
Groups improve*

*and Red Group improved at a  
faster group*

To what extent are our students across every demographic group mastering learning standards?

*Answer: Most demographic groups showed improvement in ELA and Math since 2022*

To what extent are our students across every demographic group -- regardless of mastery -- growing on the learning standards?

*Answer: Overall and for most demographic groups, growth on ELA and Math since 2022 is not at the level expected (below 50th percentile)*

Are we growing students across demographic groups at the rate needed to close the achievement gap?

*Answer: No, the achievement gap remains largely the same; some groups will need to grow at a faster rate in order to close the gap*

# What We Heard

How do we compare to other districts?

Consider supports to help families understand the IAR information sent home

Consider conducting research on Black student success to inform our work to develop the right environments

# What does the Equity Policy language call for?

Per the Equity Policy, “The culture and climate will be intentionally designed and implemented to value all members of our school communities and require respectful interactions between our students and each other, as well as between and among teachers, staff members and community members before, during, and after school so that every student, family and staff member feels a sense of belonging in each classroom and building.”

Welcoming School  
Environments

School Improvement Plans are anchored in the understanding that student experiences within school will affect students’  
**Sense of Belonging and Engagement.**

# What does the Equity Policy language call for?

Per the Equity Policy, “The culture and climate will be intentionally designed and implemented to value all members of our school communities and require respectful interactions between our students and each other, as well as between and among teachers, staff members and community members before, during, and after school so that every student, family and staff member feels a sense of belonging in each classroom and building.”

In our pursuit of providing “equitable access to high-quality instruction, culturally relevant curriculum, grade appropriate assignments, high expectations, facilities, and other educational resources”, we recognize that students’ experiences may be *reflected in* and *affected by* the extent to which they are attending school

## Welcoming School Environments

School Improvement Plans are anchored in the understanding that student experiences within school will affect students’  
**Sense of Belonging and Engagement.**

Additionally, the extent to which students are present at school to receive instruction and connect with others could moderate the effectiveness of our work to improve mastery on learning standards and to improve sense of belonging and engagement
