**Re:** Renewal of E-Learning Plan

According to School code 105 ILCS5/10-20.56, JTHS is able to adopt e-learning days in lieu using emergency days. The e-learning days would be considered a regular school day and would not be required to be made up at the end of a school year. The benefit of e-learning days is to provide a continuum of learning for all students, in order to minimize the disruption to the academic progress of each student.

A team of staff and administration met in April to provide input and review the current e-learning plan. The team provided positive input on the current plan and agreed to move forward the plan with no changes.

I respectfully submit the JTHS E-Learning Plan for approval.
