Our records indicate that your preventative maintenance contract is due to expire on May 31, 2025.

We appreciate your past patronage and look forward to providing your current service needs. Please review the following information and rates to renew your contract.

Peterson Sheet Metal proposes service contract for pneumatic controls at the school site. Contract will include 2 visits per year, 1 visit in November, and 1 visit in February to service existing pneumatic control system. Contract will include labor and material for servicing air compressor and air dryer. Calibration of controls, thermostats and controllers are included in this proposal while on site visits. All other replacement parts are not included, but will be at a discounted price. All service calls that are not during preventative maintenance visits will be at time and material, both at discounted rates.
