

TRANSPORTATION BOARD REPORT FOR THE MONTH OF MARCH 2018

SUBMITTED BY: WAYNE HALL

Our activity bus in an accident with the Girls basketball team no one was hurt we switched buses and sent them on their way.

We had a lot of snow fall this month and our buses could only go minimal places on their routes a lot parents were calling for rides to get their kids to school so we used district vehicles to get them there.

We did a lot plowing for a lot of the housing projects in town so our buses could try and make it through the streets without getting stuck.

We helped deliver food boxes to families in need. We helped serve lunches to kids when there was no school because of the weather.

The mechanics been repairing and working on district vehicles and school buses. Keeping them up to date with the oil changes and servicing of them.

We will start to see a lot of the spring and end of the year trips coming up in the future so if you can get your paperwork in order and get it into us right away we can make sure all the information is correct and we have a bus ready to go. Thank you in advance.

We had a total of 8 write ups and a total number of 9 removals from the bus for the month of March so far.

We had a total of 32 activity trips for the month of March 2018. This concludes our report for this month.
