Re: Administrator and Classified Salary Increases for 2025-2026

---

I recommend the following salary increases for the administrator and classified staff for the 2025-2026 school year:

- Transportation - 4%
- Classified - 4%
- Administration - 3.5%

The increases are within the range of the consortium and area district increases and will keep salaries competitive in Lake County. I recommend the Board to approve the increases as presented.
