

CEC Convention and Expo January 16-19, 2021 Orlando, Florida

Eighteen Special Educators from DCSD will be attending the National Council for Exceptional Children Convention in Orlando, Florida. Funding for the convention was obtained through a USBE professional development grant for special education. The grant pays for convention registration, airfare, hotel, meals, off contract pay and substitute pay.

Special Educators at all levels will be brought together to enhance their professional skills, knowledge, and careers to learn best practices and skills to provide a high quality education for each student.

By attending CEC 2022, we will gain valuable strategies, research and professional connections that we will be able to utilize in classrooms throughout the district. We'll also be able to select sessions that best inform and support my work while making connections with and learning from the experiences of other educators throughout the convention.

Thank you for supporting our continuous professional learning!
