### **It Takes a Pack**

Wylie High hosted “It Takes a Pack” on February 1. It was a successful event bringing together community partners, parents, students, and WHS. We’re excited to continue to host this event in the future.

### **TriAgency Tour**

On February 5, several agencies met together at Wylie High School included representatives from the TEA, Region 14, Texas Workforce Commission, Jobs for the Future, ACU, and Cisco College. Wylie High was fortunate to show off several CTE programs, present about growth and programs, and provide a voice to represent ISDs to the different agencies.

### **“In Your Feels” Fridays**

Once a month, Wylie High utilizes an activity schedule to incorporate some social emotional learning campus wide. These Fridays have become fun and impactful for many students and faculty. January’s focused on how a kind, genuine word can carry someone through a tough day, week, month, and February’s focused on labels and how everyone is more than a simple label.

### **Course Selections Beginning (Changes for '24-'25)**

Students will begin selecting their courses for the 2024-2025 school year. Not only are there new classes to choose from, but also some other new exciting changes. Wylie High School is adopting a new bell schedule that will eliminate the 90 minute 5th period and disperse those minutes evenly across all class periods. Seniors will have the option of late arrival (2nd period start) or early release (as it is currently). Student aides will have to apply and be approved with the main criteria be meeting CCMR or on track for CCMR.
