

## **School Report Card**

**March 21, 2022**

The final portion of the School Report Card will be released on April 27, 2022. The following data will be added to the Report Card.

- IAR and SAT scores
- Graduation Rate
- Dropout Rate
- Average Class Size
- Average Administrator Salary
- Average Teacher Salary

The following data won't be added, it was originally supposed to be on the Report Card.

Science Data won't be on there due to not enough participation rate.

College and Career Data won't be on there either, but we will get data to review.

Student Growth Scores won't be there either. 50% of ESSA Designation.

At this point no information has been given as to what will be on the 2022 Report Card, or if we will get a summative designation.

## **Capturing Kids Hearts Visit**

Shauna Beckerman from CKH spent March 14 and 15th in the district. We saw more implementation in all the schools. She is providing the principals with some steps to launch CKH in the Fall. We also discussed ways to improve things in each of the schools for next year.

## **State Testing**

We are starting state testing this week.
