EDUCATIONAL TOURS
by WorldStrides®

A letter from our GENERAL MANAGER

Dear Traveller,

I am often reminded to stop and appreciate the moments that shape our journey. An educational trip is the ultimate opportunity for students to do just that. The adventures that happen on a Jumpstreet by WorldStrides tour enable students to think beyond the classroom, allowing them to see the world—and themselves—in new ways.

We've seen firsthand how immersive travel can enhance student interest in French and Spanish programs, helping them flex their language skills while building excitement around learning. Whether exploring France, Spain, or Costa Rica, students return with a broader perspective and a newfound enthusiasm for language, history, and culture.

We strive to make our trips easy for Program Leaders and fun for all our travellers. With a focus on exceptional support, high-quality products, and peace of mind, your program is designed to bring new opportunities for learning and growth.

With customizable itineraries and hundreds of destinations to choose from, we're committed to helping you build an experience that meets your educational goals. Backed by WorldStrides' 55 years of experience and a global support network, we're with you every step of the way. Our expert Tour Directors help make the magic possible on a journey you and your students will be talking about for years to come.

Reflecting on over 10 million lives transformed motivates us to continue making these life-changing experiences happen with every program. I hope this inspires you to explore educational travel opportunities for your students. Our team is ready to help you start your next adventure.

As proud locals with insider knowledge, they provide an authentic experience that only someone who lives and breathes the locale can offer.

HEAR ABOUT OUR DEDICATED TOUR DIRECTORS

"I have taken three trips in the past and this one was far superior to any of the trips I have taken before. Jason our tour guide was amazing, constantly checking to make sure all my students were there and even willing to take groups with him during free time or lunch to help lighten my load."

- Alexa, Program Leader, Missouri

"Tristan's rapport with the students was WAY beyond exceptional. These students respected him and cried when they had to say goodbye because of the way he related to each kid. He asked questions, had personal conversations, made sure students who had a difficult moment felt "seen", and personalized the trip to every child in any way possible."

- Elizabeth, Program Leader, Massachusetts

"Thibaut made the trip. He was professional, patient, friendly, charismatic, and well informed. He is gifted in working with this age group. He was always looking out for the safety of the students, especially given that there were strikes and protests going on in Paris. The students just loved him!"

- Amy, Program Leader, Arizona

"We had a wonderful time. Jumpstreet by WorldStrides did an amazing job. We were fully taken care of and the students had a great time. It was a pleasure to work with Alex and Marcel. It was all excellent."

- Carlos, Program Leader, Delaware

"Everything was so smooth. Even when there was a slight hiccup, Tristan (the best Tour Director ever) was able to pivot and make subtle changes that the group didn't even notice. Fantastic, all around!"

- Mallorie, Program Leader, Georgia

"Claudia's responsiveness and eagerness to customize the trip to meet our needs and preferences makes all the difference. It is obviously less pre-trip work for us and accounts in very large part for the success we have experienced every year. The itinerary balanced cultural activities and fun, which was a plus. The accommodations were exceptional and added great value to our experience. Thank you!"

- Jean-Marc, Program Leader, New York
