1. Does Collin County Community College employ outside investment advisors or managers and, if so, who are they (provide individual or firm name and address)? Do the outside investment advisors or managers have the authority to make investment decisions without obtaining prior approval?

**NOTE:** Institutions should include all consultants and "separately managed account" portfolio managers (in which the underlying investments are wholly owned by the institution) in this disclosure.

Collin College contracts Patterson & Associates as investment advisors located at Barton Oaks Plaza II, 901 South MoPac, Suite 195, Austin, TX 78746. Patterson & Associates does not have authority to make investment decisions without prior approval.

Institutions that, in addition, choose to disclose information about their participation in various forms of "commingled funds" should distinguish that information from the required listing of "separately managed" investment accounts. In general, commingled funds represent pooled investments in which multiple investors contribute money to the fund and own a share of the pool but do not own the individual investments. This structure could include the various pooled investment funds managed by Commonfund, as well as "alternative investments" such as hedge funds and limited partnerships that invest in private equity, real estate, or other assets.

No

2. Does Collin County Community College use soft dollar, directed brokerage or directed commission, commission recapture, or similar arrangements (these arrangements typically involve using brokerage commissions as a means of paying for other related investment services through credits of a portion of brokerage commissions paid rather than through direct payments, or using selected brokers who will rebate a portion of commissions they receive on trades for the investor)? If the answer to this question is yes, the institution must summarize briefly the guidelines that govern the use of such arrangements.

No

3. Is Collin County Community College associated with an independent endowment or foundation? If the answer to this question is yes, the institution must provide contact information (name and address) for the individual(s) who manage the independent endowment or foundation. The institution must also provide, if available, the market value of the endowment's or foundation's investments.

Yes
