Total Runs Covered by Office Staff and Subs 9/29/25-10/31/25- 30

Field Trips from 9/27/25 through 10/31/25

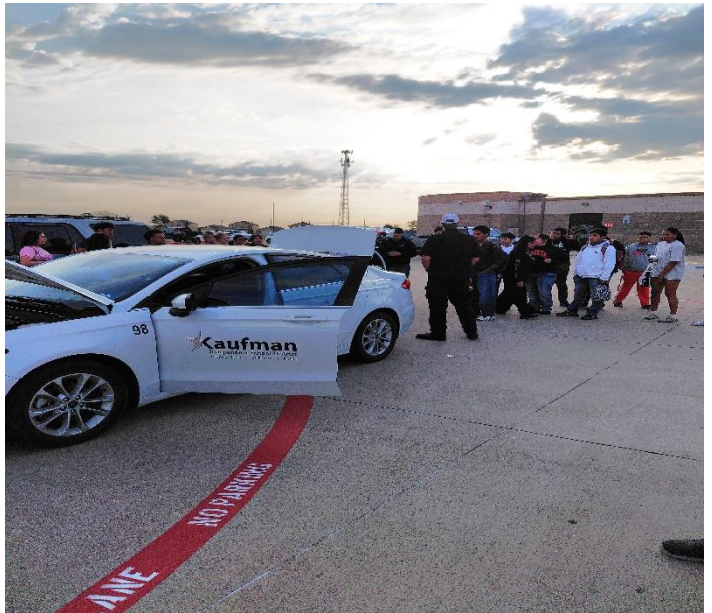

Successfully processed 142 field trips, utilizing a total of 232 vehicles — including 143 buses and 89 vehicles from our Auxiliary Fleet. We provided 95 drivers to cover these trips.

Transportation uses a bidding system to assign drivers for available field trips. Drivers earn points based on attendance—one point for each day they work, plus a 5-point bonus for perfect attendance throughout the week.

Senior Academy

Our Mechanic Brian volunteered at the High School Senior Academy to teach students some essential car care skills. He walked them through how to safely change a tire, jump start a battery, and check their car's oil.

Student Ambassadors

The Transportation Department welcomed the Student Ambassadors for a behind-the-scenes look at how the operation runs. Students explored routing, safety, training, maintenance, and more—discovering the teamwork that keeps our buses and services running smoothly every day.

Community Acknowledgement

We were honored to be treated by one of our local churches, who generously brought in a bucket of goodies to show their appreciation for our department. Their thoughtful gesture and continued prayers mean so much to us. We are truly blessed to serve—and be supported by—our wonderful Kaufman community.

Team Building and of Course FOOD!

We closed out the month with some lighthearted fun, celebrating Halloween and Homecoming with plenty of spirit and smiles.
