Re: Churchill Technology Collaboration Room Equipment

I would like to discuss the purchase of technology collaboration room equipment for Churchill High School at the next Committee of the Whole meeting on Monday, October 15, 2018. This was originally discussed at the October 8, 2018 Study Session, where the proposal to purchase was brought to the Board. The source of funds for this purchase is the 2013 Bond.

We are proposing the purchase of multiple pieces of equipment, detailed in the attached quote from VSC in Novi, Michigan. The total cost for this purchase is \$40,678.89, which includes labor for service and installation.

Please contact me if you have questions.
