

President's Report October 2019

Partnerships

Continue meeting with Superintendents. The goal is to meet with all by early November. The meetings have been very positive and providing us with good feedback. I will prepare a summary once we have met with all superintendents. I have met with 15 and 6 more to go.

Dr. Kibler and I continue to visit and discuss both short-term and long-term initiatives to advance higher education in our region. We are planning a joint cabinet meeting between both institutions this fall. This will allow our respective vice presidents to get better acquainted with their counterparts.

Other

I have attended several meetings for the Legislative and 60X30 Strategy Committees. We are laying out the foundation for our approach to the next legislative session.

This month, I have scheduled the conversations with student meetings. Looking forward to hear our students' input.

Upcoming Meeting/Events

10/15	Dilley ISD
10/16	Charlotte ISD
10/17	Crystal City ISD
