Subject: Changes to High School Graduation Requirements

Earlier this year, the Michigan legislators passed bills that amended the Michigan Merit Curriculum (MMC) which were approved by Governor Snyder. These changes were not given immediate effect, but take effect March, 2015. After careful review of these changes and discussion with high school principals, we would like to share the MMC changes with our Board Education and changes we are proposing to our district's high school graduation requirements based on the amended MMC.

Please consider adding this item to the Policy portion of the January 5, Committee of the Whole Meeting. Thank you for considering this request.
