To Whom It may concern,

The Leader in Me® is a whole-school transformation model and process, developed in partnership with educators utilizing FranklinCovey's library of content and copyrighted books, including its flagship brand; *The 7 Habits of Highly Effective People*®. The curriculum not only engages the student/teacher connection, but also the student/family connection.

The Leader in Me® curriculum helps students learn how to become self-reliant, take initiative, plan ahead, set and track goals, do their homework, prioritize their time, manage their emotions, be considerate of others, express their viewpoint persuasively, resolve conflicts, find creative solutions, value differences, and live a balanced life. The curriculum helps students develop the skills and self-confidence they need to lead their lives and succeed in school and beyond. The premise is that every child possesses unique strengths and has the ability to be a leader.

Because of the uniqueness of our approach, FranklinCovey is the only approved supplier of the training materials used in conjunction with its licensed programs. The following Leader in Me® materials and the license for use are available only from FranklinCovey.*
