606.5 LIBRARY MATERIALS

I. PURPOSE

The purpose of this policy is to provide direction and to delegate responsibility for selection and reconsideration of library materials.

II. GENERAL STATEMENT OF PURPOSE

The school board recognizes that library materials serve as a vital component of a student's education by enriching the breadth of the curriculum as a whole and meeting the needs and interests of individual students. The purpose of library materials is to meet the needs of all students. Therefore, questions regarding selection and reconsideration of library materials should be handled differently than those concerning textbooks and instructional materials.

To ensure that library materials fulfill this role, the school board delegates to the superintendent or the superintendent's designee responsibility for administering a process for selection of library materials. Responsibility for selection shall rest with professionally trained school district staff, with recognition that the school board has the final authority on selection of library materials. Parents and guardians have the right and the responsibility to determine their children's access to library materials.

[NOTE: The school board may choose to revise the General Statement of Purpose.]

III. DEFINITIONS

- A. "Library" is the school district resource that holds the library collection that serves the information and independent reading needs of students and supports the curriculum needs of teachers and staff. The term "library" includes a school library media center. The term also includes access to electronic materials.

For school districts with multiple school buildings, the term "library" refers to the resource within a specific school building.

Minnesota Statutes, section 124D.901, states that a school district or charter school library or school library media center provides equitable and free access to students, teachers, and administrators and that a school library or school library media center must have the following characteristics:

1. ensures every student has equitable access to resources and is able to locate, access, and use resources that are organized and cataloged;
2. has a collection development plan that includes but is not limited to materials selection and deselection, a challenged materials procedure, and an intellectual and academic freedom statement;
3. is housed in a central location that provides an environment for expanded learning and supports a variety of student interests;
4. has technology and Internet access; and
5. is served by a licensed school library media specialist or licensed school librarian.

~~**[NOTE: The school board may add a sentence that incorporates the term(s) used to identify libraries in the school district, such as "The school district's libraries are commonly referred to as _____."]**~~

- B. "Library collection" consists of the library materials made available to students.
- C. "Library materials" are the books, periodicals, newspapers, manuscripts, films, prints, documents, videotapes, subscription content, electronic and digital materials (including e-books, audiobooks, and databases), and related items made available to students in a school building or through access to electronic materials. This term does not include materials made available to students as part of the curriculum.
- D. "Library media specialist" is a teacher holding a Library Media Specialist teaching license issued by the Professional Educator Licensing and Standards Boards and who is trained to deliver library services to students and staff in a library. A library media specialist is authorized under Minnesota Rules to provide to students in kindergarten through grade 12 instruction that is designed to provide information and technology literacy skills instruction, to lead, collaborate, and consult with other classroom teachers for the purpose of integrating information and technology literacy skills with content teaching, and to administer media center operations, programming, and resources.

~~[NOTE: The specific titles of the school district's library staff should be used for this definition and substituted for "library media specialist" throughout this model policy.]~~

IV. RESPONSIBILITY FOR SELECTION OF LIBRARY MATERIALS

- A. The school board recognizes the expertise of the school district's professional staff and the vital need of such staff to be responsible for selection of library materials.
- B. While recommendations by administrators, faculty members, students, parents, and other community members may be considered, the final responsibility for selection of library materials shall rest with the library media specialist.

V. SELECTION OF LIBRARY MATERIALS

- A. Selection Criteria: The library materials selection process should result in a library collection that, when considered as a whole, is consistent with the following criteria:
 1. Library materials shall support and be consistent with the general educational goals of the state and the district and the aims and objectives of individual schools and specific courses;
 2. Library materials shall be chosen to enrich and support the curriculum as well as to promote reading for pleasure by responding to the personal needs and interests of student users;
 3. Library materials shall not be excluded because of the race, nationality, religion, sex, gender, gender identity and orientation, or political views of the writer;
 4. Library materials shall be appropriate to and reflect the needs, ages, maturity level, emotional development, ability levels, learning styles, social development, background, diversity, and needs and interests of the students for whom the materials were selected;
 5. Library materials shall meet high standards of quality in one or more of these categories (presented alphabetically):
 - a. Artistic quality and/or literary style;
 - b. Authenticity;

- c. Critical thinking;
 - d. Educational significance;
 - e. Factual content;
 - f. High interest for intended audience; and
 - g. Readability.
6. The selection of library materials shall conform to the constraints of the school district budget.

[NOTE: Before adopting selection criteria, the school board is strongly encouraged to consult with the licensed library media specialist, who possesses professional expertise and experience in selecting appropriate library materials. The school board may choose to adopt selection criteria specifically designed for each school building.]

~~**[NOTE: A school board may choose to adopt similar selection criteria for classroom library materials, with the classroom teacher making selection decisions. If a school board chooses to address classroom libraries, the board can decide whether to follow the reconsideration process in this model policy or to create a different process for classroom library materials.]**~~

- B. The library media specialist shall consult sources and specialists experienced in library materials collections appropriate for the building's students and that are reputable, experienced, unbiased, and professionally trained in school library materials.

~~**[NOTE: The school board may choose to identify specific sources and specialists that satisfy this paragraph.]**~~

- C. The superintendent or the superintendent's designee shall be responsible for keeping the school board informed of progress on review and selection of each building's library materials.
- D. Library materials that are outdated, inaccurate, no longer useful for curricular support or reading enrichment, or have not been utilized for an extended period of time may be removed. Library materials that are in poor physical condition may be removed or replaced as determined by the library media specialist or the principal.
- E. Gifts and Donations of Library Materials

Materials offered for donation or gifted to a school library may be accepted if they comply with the library collection selection criteria and approved by the library media specialist. The school district's libraries welcome donations of books and other resource materials from individuals and organizations, but also reserve the right to decline to accept library materials that do not meet the criteria for selection. In addition, financial donations to benefit school district's libraries will be accepted with the understanding that funds will be used to purchase materials that are needed for libraries based on the needs of the individual schools.

VI. INDIVIDUAL STUDENT ACCESS TO SPECIFIC LIBRARY MATERIAL

A parent or guardian may request that access to specific material in the library materials collection be restricted from their student. The school shall take reasonable steps to fulfill this request. This type of request will not result in removal of specific library collection material from the library or restrictions upon any other student accessing specific library materials.

VII. RECONSIDERATION OF SPECIFIC LIBRARY MATERIAL

- A. The school board seeks to uphold students' access to library materials that meet the educational goals and selection criteria set forth in this policy.
- B. A school district employee, student, or a parent or guardian of a school district student may request reconsideration of specific library material on the basis of appropriateness. Access to the material in question shall not be restricted until the procedures listed below have been fully completed and a decision to remove or restrict the materials has been made.

~~[NOTE: The school board may decide whether to allow a building principal to remove library materials pending completion of the reconsideration process.]~~

- C. Informal Request for Reconsideration of Specific Library Material
 - 1. Requests for reconsideration of specific library material shall be directed to the library media specialist and the building principal. The building principal and the library media specialist shall assume responsibility for processing the request on an informal basis.
 - 2. The building principal and/or the library media specialist shall provide an explanation to the individual who submitted the request. The explanation shall include the particular selection criteria that the material in question met in order to be included in the library as curriculum support or as an independent reading choice for students in the building.
 - 3. If the request is not resolved informally, the principal shall submit a report on the matter to the superintendent or the superintendent's designee. The requestor will have an option to initiate a Formal Request for Reconsideration.
- D. Formal Request for Reconsideration of Specific Library Collection Material
 - 1. A Formal Request for Reconsideration of specific library material is initiated upon submission of a completed Formal Request for Reconsideration of Instructional Resource or Specific Library Collection Material form. The form must be completed in its entirety for each work that is subject to a request for reconsideration. The principal shall notify the superintendent or the superintendent's designee and the library media specialist of receipt of a completed Formal Request form.

The district will respond to Formal Request for Reconsideration within 30 school contract days. One challenge will be addressed by the committee at a time. An individual person may challenge only one book per calendar year.

If specific library material is the subject of a Formal Request for Reconsideration and a final decision is made to retain the specific library material, then the specific library material shall not be subject to additional requests for reconsideration for three years following the date of final resolution of the initial Formal Request for Reconsideration.
 - 2. On an annual basis, the Superintendent or the superintendent's designee shall appoint a Library Materials Review Committee (Review Committee). This committee shall include:
 - a. One member of the school district administration
 - b. One principal
 - c. Two teachers

- d. One library media specialist (or district media specialist or public librarian if the school district does not have a library media specialist)
- e. Two members of the school district community with no direct connection with the request for reconsideration
- f. Two student representatives (as appropriate to the specific request).

[NOTE: This list of Review Committee members is an example. The school board may alter this list. The school district may decide to create Review Committees for individual schools.]

- 3. The Review Committee **chair** shall establish a date upon which it will discuss the request and whether the specific library collection material conforms to the selection criteria set forth in this policy.
- 4. The Review Committee
 - a. may consult individuals, organizations, and other resources with relevant professional knowledge on school library material;

- 5. The superintendent or the superintendent's designee shall inform the requestor and the school board of the Review Committee's decision. ~~The requestor may appeal the Review Committee's decision to the superintendent or the superintendent's designee by submitting a written appeal to the superintendent or the superintendent's designee within fourteen (14) days of submission of the Review Committee's decision to the requestor. The superintendent or the superintendent's designee shall provide a written decision on a requestor's appeal within a reasonable time period.~~

[NOTE: The school board can decide whether to allow appeal of a Review Committee decision to the superintendent or the superintendent's designee. If appeal to the superintendent or the superintendent's designee is permitted, the school board may direct the superintendent or the superintendent's designee to craft an appeal process or the board may choose to create the process itself.]

- 6. The requestor shall have the right to appeal the decision of the superintendent or the superintendent's designee to the school board.

[NOTE: The school board may decide whether to allow an appeal of a Review Committee decision directly to the school board or whether the appeal to the superintendent or the superintendent's designee is a required intermediary step. 506 STUDENT DISCIPLINE

[Note: School districts are required by statute to have a policy addressing these issues.]

I. PURPOSE

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others, and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making, and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.

In view of the foregoing and in accordance with Minnesota Statutes, section 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

III. DEFINITIONS

A. "Nonexclusionary disciplinary policies and practices" means policies and practices that are alternatives to dismissing a pupil from school, including but not limited to evidence-based positive behavior interventions and supports, social and emotional services, school-linked mental health services, counseling services, social work services, academic screening for Title 1 services or reading interventions, and alternative education services. Nonexclusionary disciplinary policies and practices

include but are not limited to the policies and practices under sections 120B.12; 121A.575, clauses (1) and (2); 121A.031, subdivision 4, paragraph (a), clause (1); 121A.61, subdivision 3, paragraph (r); and 122A.627, clause (3).

- B. "Pupil withdrawal agreement" means a verbal or written agreement between a school administrator or district administrator and a pupil's parent to withdraw a student from the school district to avoid expulsion or exclusion dismissal proceedings. The duration of the withdrawal agreement cannot be for more than a 12-month period.

IV. POLICY

- A. The school board must establish uniform criteria for dismissal and adopt written policies and rules to effectuate the purposes of the Minnesota Pupil Fair Dismissal Act. The policies must include nonexclusionary disciplinary policies and practices consistent with Minnesota Statutes, section 121A.41, subdivision 12, and must emphasize preventing dismissals through early detection of problems. The policies must be designed to address students' inappropriate behavior from recurring.
- B. The policies must recognize the continuing responsibility of the school for the education of the pupil during the dismissal period.
- C. The school is responsible for ensuring that alternative educational services, if the pupil wishes to take advantage of them, must be adequate to allow the pupil to make progress toward meeting the graduation standards adopted under Minnesota Statutes, section 120B.02 and help prepare the pupil for readmission in accordance with section Minnesota Statutes, section 121A.46, subdivision 5.
- D. For expulsion and exclusion dismissals and pupil withdrawal agreements as defined in Minnesota Statutes, section 121A.41, subdivision 13:
 - 1. for a pupil who remains enrolled in the school district or is awaiting enrollment in a new district, the school district's continuing responsibility includes reviewing the pupil's schoolwork and grades on a quarterly basis to ensure the pupil is on track for readmission with the pupil's peers. The school district must communicate on a regular basis with the pupil's parent or guardian to ensure that the pupil is completing the work assigned through the alternative educational services as defined in Minnesota Statutes, section 121A.41, subdivision 11. These services are required until the pupil enrolls in another school or returns to the same school;
 - 2. a pupil receiving school-based or school-linked mental health services in the school district under Minnesota Statutes, section 245.4889 continues to be eligible for those services until the pupil is enrolled in a new district; and
 - 3. the school district must provide to the pupil's parent or guardian information on accessing mental health services, including any free or sliding fee providers in the community. The information must also be posted on the school district website.

- B. Superintendent. The superintendent shall establish guidelines and directives to carry out this policy, hold all school personnel, students, and parents responsible for conforming to this policy, and support all school personnel performing their duties

Any guidelines or directives established to implement this policy shall be submitted to the school board for approval and shall be attached as an addendum to this policy.

The principal shall also involve other professional employees in the disposition of Behavior referrals and shall make use of those agencies appropriate for assisting students and parents. A principal, in exercising his or her lawful authority, may use reasonable force when it is necessary under the circumstances to ~~correct or~~ restrain a student ~~to or~~ prevent **imminent** bodily harm or death to **the student or** another.

- B. The school district is encouraged to ensure student access to structured breaks from the demands of school and to support teachers, principals, and other school staff in their efforts to use evidence-based approaches to reduce exclusionary forms of discipline.
- C. The school district must not use recess detention unless:
 - 1. a student causes or is likely to cause serious physical harm to other students or staff;
 - 2. the student's parent or guardian specifically consents to the use of recess detention; or
 - 3. for students receiving special education services, the student's individualized education program team has determined that withholding recess is appropriate based on the individualized needs of the student.
- D. The school district must not withhold recess from a student based on incomplete schoolwork.
- E. The school district must require school staff to make a reasonable attempt to notify a parent or guardian within 24 hours of using recess detention.

X. DISCIPLINARY ACTION OPTIONS

The general policy of the school district is to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The specific form of discipline chosen in a particular case is solely within the discretion of the school district. At a minimum, violation of school district **code of conduct**, rules, regulations, policies, or procedures will result in discussion of the violation and a verbal warning. The school district shall, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student's misconduct, as determined by the school district. Disciplinary action may include, but is not limited to, one or more of the following:

- A. Student conference with teacher, principal, counselor, or other school district

personnel, and verbal warning;

When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student's conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy. "Removal from class" and "removal" mean any actions taken by a teacher, principal, or other school

district employee to prohibit a student from attending a class or activity period for a period of time not to exceed five (5) days, pursuant to this discipline policy.

Grounds for removal from class shall include any of the following:

Such removal shall be for at least one (1) activity period or class period of instruction for a given course of study and shall not exceed five (5) such periods.

A student must be removed from class immediately if the student engages in assault or violent behavior. "Assault" is an act done with intent to cause fear in another of immediate bodily harm or death; or the intentional infliction of, or attempt to inflict, bodily harm upon another.

- B. If a student is removed from class more than ten (10) times in a school year, the school district shall notify the parent or guardian of the student's tenth removal from class and make reasonable attempts to convene a meeting with the student's parent or guardian to discuss the problem that is causing the student to be removed from class.

The school district shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion or expulsion.

The school district shall not dismiss any student without attempting to ~~provide alternative educational services~~ before dismissal proceedings or ~~pupil withdrawal agreements~~, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

- B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:

1. Willful violation of any reasonable school board regulation, including those found in this policy;
2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or

D. Suspension Procedures

1. "Suspension" means an action by the school administration, under rules

promulgated by the School Board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education instruction during that dismissal period.

2. School administration must allow a suspended pupil the opportunity to complete all school work assigned during the period of the pupil's suspension and to receive full credit for satisfactorily completing the assignments. The school principal or other person having administrative control of the school building or program is encouraged to designate a district or school employee as a liaison to work with the pupil's teachers to allow the suspended pupil to (1) receive timely course materials and other information, and (2) complete daily and weekly assignments and receive teachers' feedback.
3. If a student's total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student's parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening for the student at the parent or guardian's expense. The purpose of this meeting is to attempt to determine the student's need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.
4. The definition of suspension under Minnesota Statutes, section 121A.41, subdivision 10, does not apply to a student's dismissal from school for one school day or less, except as provided under federal law for a student with a disability. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.
5. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no

more than ten (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of suspension has elapsed.

6. ~~Alternative education services must be provided to a pupil who is suspended for more than five (5) consecutive school days. The school administration shall implement alternative educational services when the suspension exceeds five (5) days.~~ Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minnesota Statutes, section 123A.05 selected to allow the student to progress toward meeting graduation standards under Minnesota Statutes, section 120B.02, although in a different setting.
7. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.
8. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:
 - a. strongly encourage a parent or guardian of the student to attend school with the student for one day;
 - b. assign the student to attend school on Saturday as supervised by the principal or the principal's designee; and
 - c. petition the juvenile court that the student is in need of services under Minnesota Statutes chapter 260C.
9. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference. (See attached sample Notice of Suspension.)
10. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.
11. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.

12. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) **consecutive school** days.

E. Expulsion and Exclusion Procedures

1. "Expulsion" means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.

4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.
5. The student and parent or guardian shall be provided written notice of the school district's intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56; describe **alternative educational services the nonexclusionary disciplinary practices** accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student's own choosing, including legal counsel at the hearing; (2) examine the student's records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. 6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent, or guardian.
7. All hearings shall be held at a time and place reasonably convenient to the student, parent, or guardian and shall be closed, unless the student, parent, or guardian requests an open hearing.
8. The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.
9. The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.

10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.
11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.
12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.
13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.
14. The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.
15. The student cannot be compelled to testify in the dismissal proceedings.
16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.
17. conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's educational program provides otherwise. 534 SCHOOL MEALS POLICY

[Note: In 2021, the Minnesota legislature amended Minnesota Statutes, section 124D.111, that now states require that Minnesota school districts that participate in the national school lunch program must adopt a school meals policy. In 2023, the Minnesota legislature amended the statute to create the free school meals program].

[Note: This MSBA/MASA model policy is drafted to be consistent for all grade levels. However, local school districts may vary the meal charge policy for elementary, middle, and high schools.]

[Note: School districts must follow appropriate debt collection practices when attempting to recover unpaid a la carte items or second meal charges.]

I. PURPOSE

The purpose of this policy is to ensure that students receive healthy and nutritious meals through the school district’s nutrition program and that school district employees, families, and students have a shared understanding of expectations regarding meal charges. The policy of the school district is to provide meals to students in a respectful manner and to maintain the dignity of students by prohibiting lunch shaming or otherwise ostracizing the student. The policy seeks to allow students to receive the nutrition they need to stay focused during the school day and minimize identification of students with insufficient funds to pay for a la carte items or second meals school meals as well as to maintain the financial integrity of the school nutrition program.

II. PAYMENT OF MEALS

[Note: Payment systems and procedures will likely vary from school district to school district. The school district should select one of the following options and delete the remaining options.]

A. *[OPTION 1: All a la carte items or second meal purchases are to be prepaid before meal service begins. [Insert description for how families may add money to students’ accounts (e.g., electronic payment options, pay at the school office, etc.).] A student who does not have sufficient funds will not be allowed to charge a la carte items or a second meal until additional money is deposited in the student’s account.]*

~~*[OPTION 2: Students have use of a meal account. When the balance reaches zero, a student may charge no more than \$[insert amount] or [insert number of meals] to this account]. When an account reaches this limit, a student shall not be allowed to charge second meals or a la carte items until the negative account balance is paid. [Insert description for how families may add money to students’ accounts (e.g., electronic payment options, pay at the school office, etc.).]*~~

~~*[OPTION 3: Insert a school district specific process for payment of a la carte items or second meals.]*~~

Payment for second meals or ala carte items is expected at the time the meal is served. Parents have three options to put money in their child’s lunch account:

- 1. Online payments
- 2. Check sent to the child’s school or Administrative offices

3. Cash sent to the child's school or Administrative offices

If the school district participates in the United States Department of Agriculture National School Lunch program and has an Identified Student Percentage below the federal percentage determined for all meals to be reimbursed at the free rate via the Community Eligibility Provision must participate in the free school meals program.

- B. A school that participates in the United States Department of Agriculture National School Lunch program and has an Identified Student Percentage at or above the federal percentage determined for all meals to be reimbursed at the free rate must participate in the federal Community Eligibility Provision in order to participate in the free school meals program.

Families may apply for free/reduced-price meal benefits anytime during the school year. Meal applications are distributed to all families in the district prior to the student's first day of classes. In addition, applications are available on the school district website or available to be mailed via USPS if requested.

- C. Each school that participates in the free school meals program must:

(1) participate in the United States Department of Agriculture School Breakfast Program and the United States Department of Agriculture National School Lunch Program; and

(2) provide to all students at no cost up to two federally reimbursable meals per school day, with a maximum of one free breakfast and one free lunch.

~~If the school district receives school lunch aid under Minnesota Statutes section 124D.111, it must make lunch available without charge to all participating students who qualify for free or reduced-price meals regardless of account balance.~~

- ~~D. A student with an outstanding meal charge debt will be allowed to purchase a meal if the student pays for the meal when it is received.~~

- E. When a student has a negative account balance, the student will not be allowed to charge a snack item **second meal or ala carte items**.

~~A student who has been determined to be eligible for free and reduced-price lunch always must be served a reimbursable meal even if the student has an outstanding debt.~~

- ~~F D. Once a meal has been placed on a student's tray or otherwise served to a student, the meal may not be subsequently withdrawn from the student by the cashier or other school official, whether or not the student has an outstanding meals balance.~~

- ~~G F. If a parent or guardian chooses to send in one payment that is to be divided between sibling accounts, the parent or guardian must specify how the funds are to be distributed to the students' accounts. Funds may not be transferred between sibling accounts unless written permission is received from the parent or guardian.~~

III. LOW OR NEGATIVE ACCOUNT BALANCES – NOTIFICATION

- A. The school district will make reasonable efforts to notify families when meal account balances are low or fall below zero.

- B. Families will be notified of an outstanding negative balance once the negative balance reaches \$[10.00] or [insert number of meals]. Families will be notified by [insert the method used to notify families (monthly billings sent home)].
- ~~B C.~~ Reminders for payment of outstanding student meal balances will not demean or stigmatize any student participating in the school lunch program. ~~including, but not limited to, dumping meals, withdrawing a meal that has been served, announcing or listing students' names publicly, providing alternative meals not specifically related to dietary needs, providing nonreimbursable meals, or affixing stickers, stamps, or pins.~~

IV. UNPAID MEAL CHARGES

- A. The school district will make reasonable efforts to communicate with families to resolve the matter of unpaid charges. Where appropriate, families may be encouraged to apply for free ~~and~~ or reduced-price meals for their children.
- B. The school district will make reasonable efforts to collect unpaid meal charges classified as delinquent debt. Unpaid meal charges are designated as delinquent debt when payment is overdue, the debt is considered collectable, and efforts are being made to collect it.
- C. Negative balances of more than \$[50.00], not paid prior to [enter time period (end of August, before new school year starts)], will be turned over to the ~~superintendent or superintendent's designee~~ accounts payable in the business services department for collection. In accordance with other outstanding debts owed to the school district, after attempts to collect are unsuccessful, the debts are turned over to the credit agency for collection. ~~some instances, the school district does use a collection agency to collect unpaid school meal debts after reasonable efforts first have been made by the school district to collect the debt. Collection options may include, but are not limited to, use of collection agencies, claims in the conciliation court, or any other legal method permitted by law.~~
- ~~E D.~~ The school district may not enlist the assistance of non-school district employees, such as volunteers, to engage in debt collection efforts.
- ~~D E.~~ The school district will not impose any other restriction prohibited under Minnesota Statutes, section 123B.37 due to unpaid student meal balances. The school district will not limit a student's participation in any school activities, graduation ceremonies, field trips, athletics, activity clubs, or other extracurricular activities or access to materials, technology, or other items provided to students due to an unpaid student meal balance.

V. COMMUNICATION OF POLICY

- A. This policy and any pertinent supporting information shall be provided in writing (i.e., mail, email, back-to-school packet, student handbook, etc.) to:
 1. all households at or before the start of each school year;

 3. all school district personnel who are responsible for enforcing this policy.
- B. The school district will post this policy on the school district's website, or the website of the organization where the meal is served, in addition to providing the required written notification described above.

- C. ~~If the school district contracts with a third party for its meal services, it will provide the vendor with its school meals policy. The school district will ensure that any third-party provider with whom the school district enters into either an original or modified contract after July 1, 2021, adheres to the school district's school meals policy.~~
