### Foley Public School District No. 51

Analysis of Tax Impact for Potential Bond Issue

December 9, 2025

Bond Issue Amount	\$240,000
Average Interest Rate	5%
Number of Years	1 Tax Levy
Net Levy after MELA Reduction	\$0
Net Levy after MELA Reduction	\$0

Type of Property	Estimated Market Value	Estimated Annual Tax Impact Payable 2028 Compared to 2027*
	\$100,000	\$0
	150,000	0
	200,000	0
	250,000	0
Residential	300,000	0
Homestead	350,000	0
-	400,000	0
	450,000	0
	500,000	0
	600,000	0
	700,000	0
	\$100,000	\$0
Commercial/	250,000	0
Industrial	500,000	0
	1,000,000	0
Agricultural	\$2,000	\$0.00
Homestead**	3,000	0.00
(average value per acre	4,000	0.00
of land & buildings)	5,000	0.00
1	6,000	0.00
Agricultural	\$2,000	\$0.00
Non-Homestead**	3,000	0.00
(average value per acre	4,000	0.00
of land & buildings)	5,000	0.00
	6,000	0.00

<sup>\*</sup> Estimated tax impact includes principal and interest payments on the new bonds. The amounts in the table are based on school district taxes for bonded debt levies only, and do not include tax levies for other purposes. Tax increases shown above are gross increases, not including the impact of the homeowner's Homestead Credit Refund ("Circuit Breaker") program. Owners of homestead property may qualify for a refund, based on their income and total property taxes. This will change the net effect of the proposed bond issue for those property owners.

<sup>\*\*</sup> For all agricultural property, includes a 70% reduction due to the School Building Bond Agricultural Credit. Average value per acre is the total estimated market value of all land & buildings divided by total acres. If the property includes a home, then the tax impact on the house, garage, and one acre of land will be calculated in addition to the taxes per acre, on the same basis as a residential homestead or non-homestead property. If the same property owner owns more than \$3.8 million of agricultural homestead land and buildings, a portion of the property will be taxed at the higher non-homestead rate.

### PRELIMINARY INFORMATION - FOR DISCUSSION ONLY

## Foley Public School District No. 51

December 2, 2025

Estimated Sources and Uses of Funds Possible Facilities Maintenance Bond Issue Health & Safety/Indoor Air Quality Project

Estimated Bond Amount Estimated Project Cost Number of Debt Service Levies Term/Number of Years Dated/Closing Date	\$240,000 \$388,622 1 1 8/1/2026
Sources of Funds	
Par Amount	\$240,000
Funds on Hand - Debt Service Fund <sup>1</sup>	18,000
Funds on Hand - Construction Fund One Day Bonds <sup>2</sup>	102,448
Funds on Hand - Project Contingency <i>or</i> General Fund LTFM	
Restricted Fund Balance <sup>3</sup>	63,474
Total Sources	\$423,922
Uses of Funds	
Capitalized Interest <sup>1</sup>	\$18,000
Legal and Fiscal Costs <sup>4</sup>	17,300
Net Available for Project Costs	388,622
Total Uses	\$423,922
Deposit to Construction Fund	\$388,622

<sup>1</sup> Due to timing of the levy process and to keep tax rates consistent, the District would not be able to make a tax levy to fund the interest payment due on the new bonds due during fiscal years 2026-27 and 2027-28, so those payments would be made from funds on hand in the Debt Service Fund.

- 2 Remaining voter approved funds from the District's 2016A One Day Bond.
- 3 Remaining project costs will be funded with contingency set-aside, and if needed, General Fund LTFM funds on hand.
- 4 Includes fees for municipal advisor, bond counsel, paying agent, and county certificate.

<sup>1</sup> Tax capacity value for taxes payable in 2025 is the actual value. Estimates for future years are based on the percentage changes as shown above.

<sup>2</sup> Initial debt service levies (prior to subtracting debt equalization aid) are set at 105 percent of the principal and interest payments during the next fiscal year.

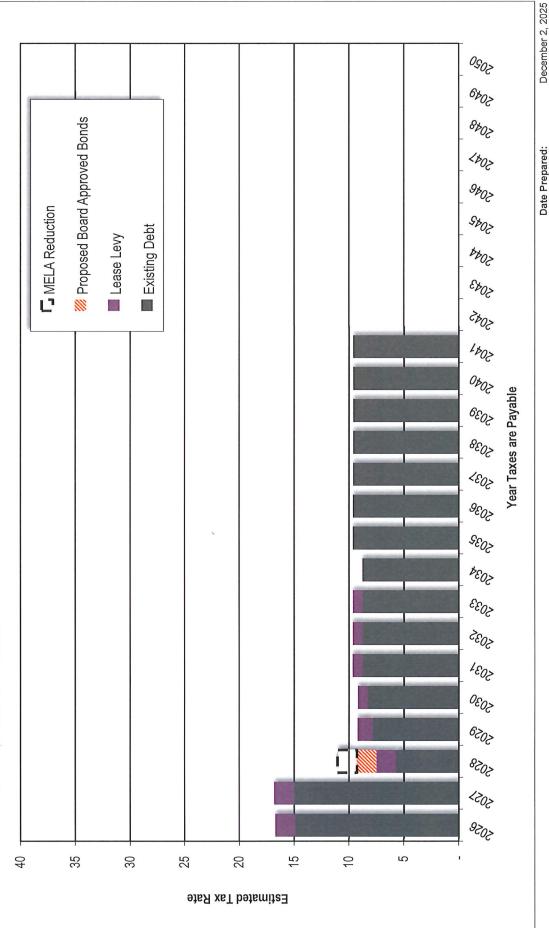

S Debt excess adjustment for taxes payable in 2025 and 2025 and 2025 are the actual amounts. The adjustment for 2027 is an estimate using the June 30, 2025 debt service fund balance. Debt excess for future years is estimated at 4% of the prior year's initial debt service levy.
In order to keep tax rates consistent, payments on the new bonds due during fiscal year 2025-27 and 2027-28, estimated at \$18,000, would have to be made from funds on hand in the debt service fund.
